VOTING PROCEDURES

Who Can Vote

Only shareholders of record of the Company at the close of business on August 29, 2014 are entitled to vote at the meeting and any adjournments of the meeting. At that time, there were 119,471,472 shares of the Company's common stock outstanding, each of which is entitled to one vote on each matter submitted to a vote at the meeting.

How You Can Vote

You may vote shares by proxy or in person using one of the following methods:

- *Voting by Internet.* You can vote over the Internet by following the directions on your Notice to access the website address at www.proxyvote.com. The deadline for voting over the Internet is Monday, October 27, 2014 at 11:59 p.m. Eastern time.
- *Voting by Telephone.* You can vote by calling the toll-free telephone number at 1-800-690-6903. The deadline for voting by telephone is Monday, October 27, 2014 at 11:59 p.m. Eastern time.
- *Voting by Mail.* If you requested printed proxy materials, you can vote by completing and returning your signed proxy card. To vote using your proxy card, please mark, date and sign the card and return it by mail in the accompanying postage-paid envelope. You should mail your signed proxy card sufficiently in advance for it to be received by Monday, October 27, 2014.
- *Voting in Person.* You can vote in person at the meeting if you are the record owner of the shares to be voted. You can also vote in person at the meeting if you present a properly signed proxy that authorizes you to vote shares on behalf of the record owner. If a broker, bank, custodian or other nominee holds your shares, to vote in person at the meeting you must present a letter or other proxy appointment, signed on behalf of the broker or nominee, granting you authority to vote the shares.

How You Can Revoke Your Proxy and Change Your Vote

You can revoke your proxy and change your vote by (1) attending the meeting and voting in person; (2) delivering written notice of revocation of your proxy to the Secretary at any time before voting is closed; (3) timely submitting new voting instructions by telephone or over the Internet as described above; or (4) if you requested printed proxy materials, timely submitting a signed proxy card bearing a later date.

How Your Proxy Will Be Voted

If you timely submit your proxy over the Internet, by telephone, or by proxy card as described above and have not revoked it, your shares will be voted or withheld from voting in accordance with the voting instructions you gave. If you timely submit your proxy as described above without giving voting instructions, your shares will be voted FOR the election of the director nominees listed in this proxy statement, FOR approval of the amendment to the LTIP, FOR ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending June 28, 2015, and FOR the advisory (nonbinding) vote to approve executive compensation.

How You Can Vote Shares Held by a Broker or Other Nominee

If a broker, bank, custodian or other nominee holds your shares, you may have received a notice or voting instruction form from them. Please follow the directions that your broker, bank, custodian or other nominee provides or contact the firm to determine the voting methods available to you. Brokers are no longer permitted to vote in the election of directors (and many other matters, including Proposals 2 and 4) if the broker has not received instructions from the beneficial owner of shares. It is particularly important, if you are a beneficial owner, that you instruct your broker how you wish to vote your shares because brokers will have discretionary voting authority only with respect to Proposal 3 if you do not instruct your broker how you wish to vote your shares.

Quorum Required

A quorum must be present at the meeting before business can be conducted. A quorum will be present if a majority of the shares entitled to vote are represented in person or by proxy at the meeting. Shares represented by a proxy with instructions to withhold authority to vote or to abstain from voting on any matter will be considered present for purposes of determining the existence of a quorum. Shares represented by a proxy as to which a broker, bank, custodian or other nominee has indicated that it does not have discretionary authority to vote on certain matters (sometimes referred to as “broker non-votes”) will also be considered present for purposes of determining the existence of a quorum.

Vote Required

- *Proposal 1 (Election of Directors)*. Directors will be elected by a plurality of the votes cast. The nominees who receive the most votes will be elected to fill the available positions. Shareholders do not have the right to vote cumulatively in electing directors. Withholding authority in your proxy to vote for a nominee will result in the nominee receiving fewer votes.

As set forth in the Corporate Governance Principles adopted by the Board of Directors, except in cases when there are more nominees than available seats, if a nominee elected to the Board by plurality vote received a number of “withhold” votes that is greater than 50% of all votes cast with respect to that nominee, the nominee shall tender the nominee’s resignation from the Board in writing to the Chairman prior to the first regular meeting of the Board that follows the meeting of shareholders at which the election was held and any meeting of the Board held in connection with it. The resignation will be effective if and when it is accepted by the Board. Promptly after the Board reaches a decision, the Company will publicly disclose the action taken by the Board regarding the director’s tendered resignation.

- *Proposal 2 (Approval of an Amendment to the LTIP) and Proposal 3 (Ratification of Appointment of Auditors)*. The proposed amendment to the LTIP and ratification of the appointment of PricewaterhouseCoopers LLP as the Company’s independent auditors for fiscal 2015 will be approved if the votes cast for approval exceed the votes cast against approval. Although shareholder ratification of the appointment is not required by law or the Company’s Bylaws, the Audit Committee has determined that, as a matter of corporate governance, the selection of independent auditors should be submitted to the shareholders for ratification. If the appointment of PricewaterhouseCoopers LLP is not ratified by a majority of the votes cast at the 2014 Annual Meeting, the Audit Committee will consider the appointment of other independent auditors for subsequent fiscal years. Even if the appointment is ratified, the Audit Committee may change the appointment at any time during the year if it determines that the change would be in the Company’s best interest and the best interests of the shareholders.
- *Proposal 4 (Advisory (Nonbinding) Vote to Approve Executive Compensation)*. With respect to the advisory (nonbinding) vote to approve executive compensation, the executive compensation will be approved if the votes cast for approval exceed the votes cast against approval. Because your vote to approve executive compensation is advisory, it will not be binding upon the Board of Directors, it will not overrule any decision by the Board, and it will not create or imply any additional fiduciary duties on the Board or any member of the Board. The Compensation Committee will, however, take into account the outcome of the vote when considering future executive compensation arrangements.

Abstentions and broker non-votes will not be counted for purposes of determining whether these proposals have received sufficient votes for approval.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

Nominees for Election as Directors

All nine persons nominated for election to the Board of Directors at the annual meeting are currently serving as directors of the Company. The Company is not aware of any nominee who will be unable or will decline to serve as a director. If a nominee becomes unable or declines to serve, the accompanying proxy may be voted for a substitute nominee, if any, designated by the Board. The term of office of each person elected as a director will continue until the later of the next annual meeting of shareholders or until such time as his or her successor has been duly elected and qualified.

The following tables list the nominees for election and information about each nominee. The Governance and Nominations Committee has recommended each nominee to the Board of Directors. Each nominee meets the criteria set forth in the Corporate Governance Principles, including that no nominee will be 72 years old or older at the time of the annual meeting and that no Company director shall serve on more than four public company boards of directors, inclusive of service on the Company's Board. In addition, each nominee meets the minimum share ownership guidelines set forth in the Corporate Governance Principles, under which the Chief Executive Officer is expected to own shares with a value not less than five times his base salary, and each non-employee member of the Board is expected to own shares with a value not less than five times the sum of the director's retainers for service on the Board and on Board committees, within five years after election or appointment to the Board.

Under the charter of the Governance and Nominations Committee, the Committee is responsible for identifying from a wide field of candidates, including women and minority candidates, and recommending that the Board select qualified candidates for membership on the Board. In identifying candidates, the Committee takes into account such factors as it considers appropriate, which may include (1) ensuring that the Board, as a whole, is diverse as to race, gender, culture, thought and geography, such that the Board reflects a range of viewpoints, backgrounds, skills, experience and expertise, and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise and local or community ties; (2) minimum individual qualifications, including strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially; (3) questions of independence, possible conflicts of interest and whether a candidate has special interests or a specific agenda that would impair his or her ability to effectively represent the interests of all shareholders; (4) the extent to which the candidate would fill a present need on the Board; and (5) whether the candidate can make sufficient time available to perform the duties of a director.

Board Composition and Independence of Directors

The size of the Board of Directors was fixed at not less than five nor more than nine members by the Company's shareholders, with the Board determining the number within that range from time to time. Nine persons have been nominated for election at the annual meeting. The accompanying proxy cannot be voted for more than nine nominees.

A majority of the Board of Directors must be comprised of independent directors for the Company to comply with the listing requirements of The Nasdaq Stock Market LLC, or the Nasdaq Listing Rules. Currently, the Board of Directors is composed of Messrs. Swoboda, Hosein, Ingram, Plastina, Replogle, Ruud, Tillman, Werner and Ms. Whitaker. The Board of Directors has determined that seven of the present directors—Messrs. Hosein, Ingram, Plastina, Replogle, Tillman, Werner and Ms. Whitaker—are each an "independent director" within the meaning of the applicable Nasdaq Listing Rules. Additionally, the Board of Directors previously determined that Harvey A. Wagner, who served on the Board of Directors until his retirement in October 2013, was also an "independent" director within the meaning of these rules.

The Leadership Structure of the Board of Directors

The leadership of the Board of Directors includes the Chairman of the Board, the Lead Independent Director, and the Chairman of each of the Audit Committee, the Compensation Committee and the Governance and Nominations Committee.

The responsibilities of the Chairman of the Board under our Bylaws are to preside at meetings of the Board of Directors and shareholders and to perform such other duties as may be directed by the Board from time to time. The Chairman also has the power to call meetings of the Board of Directors and of the shareholders. Mr. Swoboda, our CEO since 2001, has served as Chairman of the Board since 2005.

The Board has adopted Corporate Governance Principles that call for the Board to designate a Lead Independent Director any time that the Chairman of the Board is not an independent director. Our Lead Independent Director, Mr. Ingram, has served in that capacity since 2011. The independent directors meet at regularly scheduled sessions immediately following each regularly scheduled Board of Directors meeting without other directors or members of management present. As specified in the Corporate Governance Principles, the responsibilities of the Lead Independent Director include the following:

- In the absence of the Chairman, the Lead Independent Director serves as acting Chairman presiding over meetings of the Board of Directors and shareholders.
- The Lead Independent Director convenes and presides over meetings of the independent directors and communicates the results of these sessions where appropriate to the Chairman, other management or the Board.
- In general, the Lead Independent Director serves as principal liaison between the independent directors and the Chairman and between the independent directors and other management.
- The Lead Independent Director reviews agendas for Board of Director meetings in advance with the Chairman.

The day-to-day work of the Board of Directors is conducted through its three principal standing committees—Audit, Compensation and Governance and Nominations—to which the Board has delegated authority and responsibilities in accordance with the committees’ respective charters. The Chairmen of each of these committees are independent directors appointed by the Board upon the recommendation of the Governance and Nominations Committee. Under our Corporate Governance Principles, the Chairman of each committee is responsible for development of the agenda for committee meetings, and each committee must regularly report to the Board of Directors on the discussions and actions of the committee.

The Board of Directors has determined that this leadership structure is appropriate for the Company and best serves the interests of the shareholders under the present circumstances. In particular, the Board has determined that the Company is best served by having Mr. Swoboda hold the position of Chairman of the Board in addition to his role as CEO, with Mr. Ingram serving as Lead Independent Director. This determination is based in part upon the experience, leadership qualities and skills that Mr. Swoboda and Mr. Ingram each bring to the Board, as detailed in the section captioned “Nominees for Election as Directors” on page 6. In addition, Mr. Swoboda is the director in the best position to establish the agendas for meetings of the Board and to lead the discussions of the Board regarding strategy, operations and management, because he is responsible for the formulation and day-to-day execution of the strategy and business plans reviewed with the Board. Although the Board believes this structure is appropriate under the present circumstances, the Board has also affirmatively determined not to adopt a policy on whether the roles of Chairman and CEO should be separated or combined because the Board believes that there is no single best blueprint for structuring board leadership and that, as circumstances change, the optimal leadership structure may change.

Board’s Role in Risk Oversight

The Board, acting through itself or one or more of its committees, has general oversight responsibility for corporate risk management, including oversight of management’s implementation of risk management practices. While the Board is responsible for risk oversight, management is ultimately responsible for assessing and managing

[Table of Contents](#)

our risk exposures. The Board directly oversees management's assessment, mitigation efforts and monitoring of strategic and operational risks, such as those relating to competitive dynamics, market trends and developments in the Company's industry and changes in economic conditions. Senior management regularly updates business plans for each of the Company's product lines, including an assessment of strategic and operational risks and responses to identified risks, and members of the Board and senior management meet annually to review these plans. In addition, senior management reports to the Board at each quarterly Board meeting on progress made against these strategic plans, including an update on changes in risk exposure and management's responses to the changes.

The Board also fulfills its risk oversight role through its committees. Specifically, the Audit Committee charter assigns it the responsibility to review periodically with management, the internal auditors, and the independent auditors the Company's significant financial risk exposures, including the Company's policies with respect to risk assessment and Company-wide risk management, and to assess the steps management has taken to monitor and control such exposures. The Audit Committee regularly discusses material risks and exposures with our independent registered public accounting firm and receives reports from our accounting and internal audit management personnel regarding such risks and exposures and how management has attempted to minimize the exposures. The Audit Committee's primary focus is financial risk, including our internal control over financial reporting. Particular areas of focus of the Audit Committee include risks associated with taxes, liquidity, investments, information technology security, material litigation, and compliance.

Similarly, the Compensation Committee charter assigns it the responsibility to review periodically with management the Company's compensation programs as they relate to risk management practices and risk-taking incentives, including an assessment of whether the Company's compensation policies and practices encourage excessive or inappropriate risk-taking. The Committee also considers risk management as it develops and approves incentive and other compensation programs for our executive officers, and it performs risk oversight in the area of management succession.

Each of these committees reports to the Board of Directors with respect to the risk categories it oversees. These ongoing discussions enable the Board to monitor our risk exposure and evaluate our risk mitigation efforts.

Compensation Program Risk Assessment

We have assessed our compensation programs and have concluded that risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us. The risk assessment process included a review by management and by Radford, an Aon Hewitt Company, independent consultants to the Compensation Committee, of compensation policies and practices, focusing on programs with variable compensation, specifically:

- stock option, restricted stock awards and performance stock awards under the LTIP;
- performance unit awards payable to our CEO and to our Executive Vice Presidents under the LTIP which provide for cash payments based upon achieving annual corporate financial goals;
- awards under our Management Incentive Compensation Program, or the MICP, in which most of our senior managers (other than our CEO) participate and may receive payments based upon achieving quarterly or annual corporate financial goals and quarterly individual goals;
- sales commission incentive programs for our sales personnel; and
- quarterly profit-sharing plan in which all other regular, full-time employees participate and are eligible to receive cash payments based upon achieving quarterly corporate financial goals.

Based upon this review, we concluded that our compensation policies and practices do not encourage excessive or inappropriate risk-taking. We believe our programs are appropriately designed to encourage our employees to make decisions that should result in positive short-term and long-term results for our business and our shareholders. Management and Radford reviewed the results of this review with the Compensation Committee at a meeting in August 2013, and the Committee concurred with management's assessment at that time. Management and Radford concluded that there have been no material changes in our risk profile arising from compensation policies and practices since August 2013, and have updated the Compensation Committee accordingly.

Attendance at Meetings

The Board of Directors held six meetings during fiscal 2014. Each incumbent director attended or participated in 75% or more of the aggregate of the number of meetings of the Board of Directors held during the period in which he or she was a director and the number of meetings of committees on which he or she served that were held during the period of his or her service.

The Company expects all directors to attend each annual meeting of shareholders absent good reason. All eight directors serving at that time attended the 2013 Annual Meeting of Shareholders.

Standing Committees

The standing committees of the Board of Directors include the Audit Committee, the Governance and Nominations Committee and the Compensation Committee. Each of these committees operates under a written charter adopted by the Board of Directors, copies of which are available on the Company's website at www.cree.com. Each committee is composed solely of independent directors. The following is a brief description of the responsibilities of each of the existing standing committees and their composition.

Audit Committee

The Audit Committee is appointed by the Board of Directors to oversee the accounting and financial reporting processes of the Company and audits of the Company's financial statements. The responsibilities of the Audit Committee include acting on the Board of Directors' behalf in providing oversight with respect to (1) the quality and integrity of the Company's financial statements and internal accounting and financial controls; (2) all audit, review and attest services relating to the Company's financial statements and internal controls, including the appointment, compensation, retention and oversight of the work of the independent auditors engaged to provide audit services to the Company; and (3) the Company's compliance with legal and regulatory requirements. In addition, the Audit Committee is charged with conducting appropriate review and oversight of any related person transactions, other than related person transactions for which the Board of Directors has delegated review to another independent body of the Board of Directors.

The members of the Audit Committee are Messrs. Plastina, Hosein, Ingram and Replogle. The Board of Directors has determined that all members of the Committee are "independent directors" within the meaning of the applicable Nasdaq Listing Rules, including the special independence requirements applicable to Audit Committee members. Mr. Plastina is Chairman of the Audit Committee and has served in that capacity since October 2012. The Board of Directors has determined that each of Messrs. Plastina, Hosein, Ingram and Replogle is an "audit committee financial expert" as defined in Item 407 of Regulation S-K of the Securities and Exchange Commission. The Audit Committee held nine meetings during fiscal 2014. The Audit Committee from time to time also takes action by unanimous written consent in lieu of holding a meeting.

Governance and Nominations Committee

The Governance and Nominations Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its responsibilities to shareholders by (1) identifying individuals qualified to become directors and recommending that the Board of Directors select the candidates for all directorships to be filled by the Board of Directors or by the shareholders; (2) upon the recommendation of the Compensation Committee, determining compensation arrangements for non-employee directors; (3) developing and recommending to the Board of Directors corporate governance principles for the Company; and (4) otherwise taking a leadership role in shaping the corporate governance of the Company.

The members of the Governance and Nominations Committee are Messrs. Ingram, Hosein, Plastina, Replogle, Tillman, Wemer and Ms. Whitaker. The Board of Directors has determined that all members of the Committee are "independent directors" within the meaning of the applicable Nasdaq Listing Rules. Mr. Ingram is Chairman of the Governance and Nominations Committee and has served in that capacity since 2011. The Governance and Nominations Committee charter establishes a policy with regard to the consideration of director candidates, including those candidates recommended by shareholders. The Committee will consider written nominations

[Table of Contents](#)

properly submitted by shareholders according to procedures set forth in the Company's Bylaws. For a description of these procedures and policies regarding nominations see "Procedures for Director Nominations" and "2015 Annual Meeting of Shareholders" on page 66 below. The Governance and Nominations Committee held four meetings during fiscal 2014. The Governance and Nominations Committee from time to time also takes action by unanimous written consent in lieu of holding a meeting.

Compensation Committee

The Compensation Committee is appointed by the Board of Directors to assist the Board of Directors in discharging its overall responsibility relating to executive officer and director compensation and to oversee and report to the Board of Directors as appropriate on the Company's compensation and benefit policies, programs and plans, including its stock-based compensation programs and employee stock purchase plan. The Compensation Committee approves the compensation of all executive officers, administers the Company's stock-based compensation programs and recommends compensation for non-employee directors to the Governance and Nominations Committee for approval. In addition, the Compensation Committee is charged with conducting appropriate review and oversight of any related person transactions involving compensation for directors or executive officers or their immediate family members and engaging and evaluating the Company's compensation advisors, including evaluation of the advisors' independence in advance of engagement.

The Compensation Committee may delegate its authority to adopt, amend, administer and/or terminate any benefit plan other than retirement plans or stock-based compensation plans or non-stock-based compensation plans in which directors or executive officers are eligible to participate to the Company's CEO, any other officer of the Company, or to a committee the membership of which consists of at least one Company officer. To the extent not inconsistent with governing requirements, the Committee may also delegate its authority to grant equity awards other than awards to directors and executive officers to a committee comprised solely of executive officers or to one or more executive officers and may delegate its authority for day-to-day administration of the Company's stock-based plans to any officer or employee of the Company.

The Compensation Committee generally makes decisions and recommendations regarding annual compensation at its August meeting each year. The Committee solicits the recommendations of the Company's CEO with respect to the compensation of the Company's executive officers other than himself and factors these recommendations into the determination of compensation, as described in "Compensation Discussion and Analysis." In addition, the Compensation Committee engaged Radford to conduct an annual review of the Company's compensation program for its executive officers and directors, including a review for fiscal 2014. Radford provided the Committee with relevant market data and recommendations to consider when making compensation decisions with respect to the executive officers and in making recommendations to the Governance and Nominations Committee with respect to the compensation of non-employee directors. The Company also engaged Radford for additional services as further discussed in the section entitled "Role of Compensation Consultant" on page 35 below.

The members of the Compensation Committee are Messrs. Werner and Tillman and Ms. Whitaker. The Board of Directors has determined that all members of the Committee are "independent directors" within the meaning of the applicable Nasdaq Listing Rules. Mr. Werner is Chairman of the Compensation Committee and has served in that capacity since 2007. The Compensation Committee held four meetings during fiscal 2014. The Compensation Committee from time to time also takes action by unanimous written consent in lieu of holding a meeting.

Certain Transactions and Legal Proceedings

Transactions with Intematix Corporation

In July 2010, Mark Swoboda was appointed Chief Executive Officer of Intematix Corporation, or Intematix. Prior to his appointment as Chief Executive Officer, Mr. Swoboda was unaffiliated with Intematix. Mark Swoboda is the brother of the Company's Chairman, CEO and President, Charles M. Swoboda. For many years, beginning before Mark Swoboda became affiliated with Intematix, the Company has purchased raw materials from Intematix pursuant to standard purchase orders in the ordinary course of business. During fiscal 2014, the Company purchased \$8.8 million of raw materials from Intematix pursuant to standard purchase orders, and the Company had

[Table of Contents](#)

\$0.3 million outstanding payable to Intematix as of June 29, 2014. The Company anticipates that it will continue to purchase raw materials from Intematix in the future pursuant to standard purchase orders.

Transactions with Ruud Lighting and Alan J. Ruud

Ruud Lighting Stock Purchase: On August 17, 2011, the Company entered into a Stock Purchase Agreement with all of the shareholders of Ruud Lighting, pursuant to which the Company acquired all of the outstanding share capital of Ruud Lighting in exchange for consideration consisting of cash and shares of the Company's common stock. A portion of the cash and equity consideration was deposited in escrow pursuant to escrow arrangements agreed to by the Company and the Ruud Lighting shareholders as the primary (and, in some cases, the sole) source of recovery with respect to post-closing working capital and related adjustments and damages for which the Company is indemnified under the Stock Purchase Agreement. As a result of the purchase, Ruud Lighting became a wholly owned subsidiary of the Company, and it was merged into the Company in January 2013.

Immediately after the purchase, Alan Ruud, a 25.1% shareholder of Ruud Lighting prior to the purchase (including shares held by the AJR Legacy Trust he established), was appointed to the Board of Directors of the Company. In addition, prior to the purchase, Christopher Ruud (the son of Alan Ruud) was a 31.9% shareholder of Ruud Lighting (including shares held by the JZC Legacy Trust he established), and Cynthia Ruud-Johnson (the daughter of Alan Ruud) was an 8.0% shareholder of Ruud Lighting. In connection with the transaction, Alan Ruud, Christopher Ruud and Cynthia Ruud-Johnson also entered into customary noncompetition agreements that impose confidentiality, noncompetition, nonsolicitation, nondisparagement, and noninterference obligations for specified terms.

Under the Stock Purchase Agreement, the Ruud Lighting shareholders agreed to indemnify the Company for a portion of the expenses related to the litigation among the Company (as successor-in-interest to Ruud Lighting), Alan Ruud, Christopher Ruud, Cooper Lighting LLC and Illumination Management Solutions that had commenced prior to the Company's acquisition of Ruud Lighting, or the IMS/Cooper litigation. In September 2013, the Company and the other parties to the IMS/Cooper litigation reached a binding term sheet agreement to settle the litigation. Related to the settlement, in September 2013, the Company also entered into a letter agreement, approved by the Audit Committee, with Christopher Ruud (individually and acting as the Seller Representative for the former Ruud Lighting shareholders) and Alan Ruud. Pursuant to the letter agreement, and in full satisfaction of the Ruud Lighting shareholders' indemnification obligations to the Company with respect to the IMS/Cooper litigation, the Company received the full amount of the remaining escrow funds set aside under the Stock Purchase Agreement with respect to the IMS/Cooper litigation. Accordingly, the Company received \$8,885,329 in cash and 143,964 shares of the Company's common stock from the Ruud Lighting shareholders during fiscal 2014, with the final escrow amounts received by the Company during the third quarter of fiscal 2014 upon the execution of the final settlement agreement among the IMS/Cooper litigation parties.

Employment of Alan Ruud: In connection with the transaction and pursuant to an offer letter, Alan Ruud continued as an employee of the Company and serves as the Company's Vice Chairman—Lighting (a senior leadership role and not a Board of Directors position). In addition to this senior leadership role, Alan Ruud also serves on the Company's Board of Directors. For details regarding the compensation Mr. Ruud received during fiscal 2014, please refer to the section below on page 59 entitled "Director Compensation."

Employment of Christopher Ruud: In connection with the transaction and pursuant to an offer letter, Christopher Ruud continued as an employee of the Company. Christopher Ruud receives an annual base salary, for fiscal 2014 in the amount of \$275,000 and for fiscal 2015 in the amount of \$160,000, and is eligible for a target bonus of up to 50% of his base salary. In September 2013, Christopher Ruud also received 3,200 shares of restricted common stock of the Company and options to purchase 20,000 shares of the Company's common stock, and in September 2014, Christopher Ruud also received 3,000 shares of restricted stock units of the Company and options to purchase 15,000 shares of the Company's common stock, all pursuant to the LTIP. The restricted stock awards vest in four annual installments, and the option awards vest in three annual installments and have a term of seven years. Christopher Ruud is also eligible to participate in insurance, benefit and compensation plans available to employees generally.

Airplane Joint Ownership: On August 17, 2011, pursuant to an Aircraft Purchase and Sale Agreement and a Joint Ownership Agreement with Ruud Lighting (now the Company), each of Alan Ruud (through LSA, LLC, a limited liability company of which Mr. Ruud is the sole member, or LSA), and Christopher Ruud (through Light Speed Aviation, LLC, a limited liability company of which Christopher Ruud is the sole member, or Light Speed) acquired a 10% interest in an aircraft previously purchased by Ruud Lighting, resulting in the Company owning an 80% interest in the aircraft. Each of LSA and Light Speed acquired its ownership in the aircraft for a purchase price of approximately \$930,000. On June 25, 2014, for \$1.5 million the Company acquired the combined 20% interest in the aircraft from LSA and Light Speed, resulting in the Company having 100% ownership of the aircraft.

Pursuant to the Joint Ownership Agreement, each of LSA and Light Speed was responsible for its share of flight crew, direct, fixed and other expenses attributable to its use of the aircraft. During fiscal 2014, the Company billed LSA and Light Speed \$234,000 and \$697,000, respectively, for use of the aircraft. Of these billed amounts, LSA and Light Speed have reimbursed the Company for \$225,000 and \$630,000, respectively, as of June 29, 2014. The Company also had unbilled receivables of \$6,000 and \$46,000 for LSA and Light Speed, respectively, as of June 29, 2014.

Proxim Proceedings

From May 2003 to July 2005, Mr. Plastina held various executive positions with Proxim Corporation, a provider of Wi-Fi and broadband wireless access products, including Executive Chairman, President and CEO. In June 2005, Proxim Corporation filed a voluntary petition for relief under the reorganization provisions of Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware, and in July 2005 it sold substantially all of its assets to YDI Wireless, Inc.

Review and Approval of Related Person Transactions

The Audit Committee must approve any related person transaction, other than any related person transaction for which the Board of Directors has delegated review to another independent body of the Board of Directors. The Board of Directors has delegated review of any related person transaction involving compensation for directors or executive officers or their immediate family members to the Compensation Committee. "Related person transaction" is defined in the Audit Committee and Compensation Committee charters as any transaction required to be disclosed pursuant to Securities and Exchange Commission Regulation S-K, Item 404, and any other transactions for which approval by an independent body of the Board of Directors is required pursuant to applicable law or listing standards applicable to the Company. In determining whether to approve such transactions, the members of the Audit Committee, the Compensation Committee, or another independent body of the Board of Directors delegated by the Board of Directors, may exercise their discretion in performance of their duties as directors. These duties include the obligation of a director under North Carolina law to "discharge his duties as a director, including his duties as a member of a committee: (1) in good faith; (2) with the care an ordinarily prudent person in a like position would exercise under similar circumstances; and (3) in a manner he reasonably believes to be in the best interests of the corporation." North Carolina General Statutes Section 55-8-30(a). The Audit Committee generally approves related person transactions and approved the related person transactions described above under "Certain Transactions and Legal Proceedings," except for (1) related person transactions arising in connection with the initial employment of Alan and Christopher Ruud and the entry into the Joint Ownership Agreement, which were approved by the Governance and Nominations Committee pursuant to authority delegated by the Board of Directors; and (2) changes to Alan and Christopher Ruud's compensation following the closing of the Ruud Lighting acquisition, which were approved by the Compensation Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires that the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Directors, officers and greater-than-ten-percent beneficial owners are required by Securities and Exchange Commission rules to furnish the Company with copies of all reports they file under Section 16(a). To the Company's knowledge, based solely on its review of the copies of such reports furnished to the Company and written representations that no other reports were required, all Section 16(a) filing requirements applicable to our directors, officers and ten percent beneficial owners were complied with on a timely basis during fiscal 2014.

PROPOSAL NO. 2—APPROVAL OF AMENDMENT TO 2013 LONG-TERM INCENTIVE COMPENSATION PLAN

General

We are requesting that shareholders approve a proposed amendment to the LTIP. The amendment would increase the aggregate number of shares that may be issued under the LTIP by 2,000,000 shares. The amendment was approved at a meeting of the Board of Directors on August 26, 2014 and will become effective only upon shareholder approval. The LTIP is currently the only plan under which we are authorized to award share-based compensation to employees and outside directors, including stock options and restricted stock units.

If approved, the amendment would revise Section 4.1(a) of the LTIP to read as shown in Appendix B. The LTIP is filed as Exhibit 10.1 to our Current Report on Form 8-K (File No. 000-211154) filed with the Securities and Exchange Commission on October 29, 2013, which is available online through the Commission's EDGAR System and through the "Investor Relations" section of our website at investor.cree.com/sec.cfm. You may also request a copy of the LTIP, as currently in effect, by sending a written request to: Director, Investor Relations, Cree, Inc., 4600 Silicon Drive, Durham, North Carolina 27703.

As of September 4, 2014, there remained 3,683,641 shares available for future awards under the LTIP. If the amendment is approved, the number of shares authorized for issuance under the plan would increase by 2,000,000 shares. Based on the awards outstanding as of September 4, 2014, if the amendment is approved, there would be 5,683,641 shares available for future awards under the plan. For additional information regarding outstanding awards under our equity compensation plans, please refer to the section below on page 29 entitled "Equity Compensation Plans."

We believe the LTIP, as proposed to be amended, is essential to the Company's future success and encourage shareholders to vote in favor of its approval.

**The Board of Directors recommends
shareholders vote FOR Proposal No. 2.**

Description of LTIP

The following is a description of the LTIP as proposed to be amended. This description is merely a summary of material provisions of the plan and is qualified by the full text of the amended plan as filed as Appendix C to our definitive proxy statement filed with the Securities and Exchange Commission on September 9, 2014.

Administration of the LTIP. The LTIP will be administered by the Compensation Committee or such other committee consisting of two or more members as may be appointed by the Board to administer the LTIP, referred to as the Committee. So long as shares are traded on The Nasdaq Stock Market LLC, or Nasdaq, all of the members of the Committee must be independent directors within the meaning of Nasdaq's Corporate Governance Requirements. If any member of the Committee does not qualify as (1) a "non-employee director" within the meaning of Rule 16b-3 of the Exchange Act; and (2) an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code (referred to as Section 162(m)), the Board will appoint a subcommittee of the Committee, consisting of at least two members of the Board, to grant awards to individuals who are subject to the limitations of Section 162(m) (referred to as Covered Employees) and to officers and members of the Board who are subject to Section 16 of the Exchange Act (referred to as Insiders), and each member of such subcommittee must satisfy the requirements of (1) and (2) above. References to the Committee in this summary include and, as appropriate, apply to any such subcommittee. Except with respect to awards to non-employee members of the Board, the Board may exercise the Committee's authority under the LTIP.

Subject to the express provisions of the LTIP, the Committee is authorized and empowered to do all things that it determines to be necessary or appropriate in connection with the administration of the LTIP. The Committee may delegate its authority to one or more of its members (but not less than two members with respect to Covered Employees and Insiders). To the extent permitted by law and applicable stock exchange rules, the Committee may also delegate its authority to one or more persons who are not members of the Board, except that no such delegation will be permitted with respect to Covered Employees and Insiders.

Eligible Participants. Employees of the Company or certain affiliates and non-employee members of the Board will be eligible for selection by the Committee for the grant of awards under the LTIP. As of September 1, 2014, there were approximately 7,077 employees, including part-time and temporary employees, and seven non-employee directors who would be eligible to participate in the LTIP.

Types of Awards. The LTIP authorizes the Committee to provide equity-based compensation to employees of the Company and its subsidiaries in the form of non-qualified stock options or NQSOs, incentive stock options or ISOs, stock appreciation rights or SARs, restricted stock, restricted stock units or RSUs, performance shares, performance units and other stock-based awards. It also authorizes the Committee to provide equity-based compensation to non-employee members of the Board in the form of NQSOs, SARs, restricted stock, RSUs and other stock-based awards.

Award Pool. As of September 4, 2014, there remained 3,683,641 shares available for future awards under the LTIP. If the amendment is approved, the number of shares authorized for issuance under the plan would increase by 2,000,000 shares. Based on the awards outstanding as of September 4, 2014, if the amendment proposed by Proposal No. 2 is approved, there would be 5,683,641 shares available for future awards under the plan.

If shares awarded or subject to issuance under the LTIP are not issued or are reacquired by the Company for reasons including, but not limited to, due to the forfeiture, cancellation or expiration of such awards without having been exercised or settled in shares or the withholding of shares for the payment of taxes pursuant to the terms of the LTIP, those number of shares will be added back to the Award Pool. Similarly, if shares awarded or subject to issuance under the Company's 2004 Long-Term Compensation Plan, as amended, or the 2004 LTIP, on December 31, 2013 are not issued or are reacquired by the Company due to the expiration, cancellation or termination of such awards without having been exercised or settled in shares, those shares will be added back to the Award Pool. However, shares with respect to which a SAR is exercised will not again be available for issuance under the LTIP and will not be added back to the Award Pool.

The shares of the Company's common stock, par value \$0.00125, issued by the Company under the LTIP will be authorized but unissued shares or shares currently held (or subsequently acquired) as treasury shares, including shares purchased on the open market or in private transactions. The last sale price of the common stock on September 4, 2014 was \$44.49 per share, as reported by Nasdaq.

[Table of Contents](#)

The number of shares available for issuance pursuant to ISOs granted under the LTIP is 2,500,000. All shares included in the Award Pool are available for issuance pursuant to other types of awards granted under the LTIP.

Each share of restricted stock, each share-settled restricted stock unit, each share of unrestricted stock and each other stock-based/stock-settled award will be counted as one share subject to an award and deducted from the Award Pool (restricted stock units and other stock-based awards that may not be settled in shares will not result in a deduction from the Award Pool). Each performance share that may be settled in shares will be counted as one share subject to an award (based on the number of shares that would be paid for achievement of target performance) and deducted from the Award Pool. Each performance unit that may be settled in shares will be counted as a number of shares subject to an award (based on the number of shares that would be paid for achievement of target performance), with the number determined by dividing the value of the performance unit at the time of grant by the fair market value of a share at the time of grant (the last sale price reported for a share of the Company on Nasdaq during the regular trading session on the grant date), and the resulting number of shares will be deducted from the Award Pool. If a performance share or performance unit is later settled based on above-target performance, the number of shares corresponding to the above-target performance, calculated pursuant to the applicable methodology specified above, will be deducted from the Award Pool at the time of settlement; in the event that the Award is later settled upon below-target performance, the number of shares corresponding to the below-target performance, calculated pursuant to the applicable methodology specified above, will be added back to the Award Pool. Performance shares and units that may not be settled in shares will not result in a reduction in the Award Pool. Each NQSO, ISO, and SAR that may be settled in shares will be counted as one share subject to an award and deducted from the Award Pool. SARs that may not be settled in shares will not result in a reduction of the Award Pool.

Individual Limits. The Committee will determine the individuals to whom awards will be granted, the number of shares subject to an award, and the other terms and conditions of an award. Subject to adjustment as described in the LTIP, and except to the extent the Committee determines that an award is not intended to comply with the performance-based compensation provisions of Section 162(m), the maximum number of NQSOs, ISOs, and SARs that, in the aggregate, may be granted pursuant to awards in any one fiscal year to any one participant is 3,000,000, the maximum number of shares of restricted stock and restricted stock units that, in the aggregate, may be granted pursuant to awards in any one fiscal year to any one participant is 1,000,000, the maximum number of performance shares and performance units (valued as of the grant date) that, in the aggregate, may be granted in any one fiscal year to any one participant is equal to the value of 2,000,000 shares, and the maximum number of other awards (valued as of the grant date) that, in the aggregate, may be granted pursuant to awards in any one fiscal year to any one participant is equal to the value of 500,000 shares. The limitations on performance shares, performance units and other awards will be applied based on the maximum amount that could be paid under each such award.

Adjustments. The Committee will make equitable adjustments in the number and class of securities available for issuance under the LTIP (including under any awards then outstanding), the number and type of securities subject to the individual limits set forth in the LTIP, and the terms of any outstanding award, as it determines are necessary and appropriate, to reflect any merger, reorganization, consolidation, recapitalization, reclassification, stock split, reverse stock split, spin-off combination, or exchange of shares, distribution to shareholders (other than an ordinary cash dividend), or similar corporate transactions or events.

Stock Options. An option provides the participant with the right to buy a specified number of shares at a specified price (referred to as the exercise price) after certain conditions have been met. The Committee may grant both NQSOs and ISOs under the LTIP. The tax treatment of NQSOs is different from the tax treatment of ISOs, as explained in the section entitled "Certain Federal Income Tax Consequences" beginning on page 26 of this proxy statement. The Committee will determine and specify in the agreement evidencing the option whether the option is an NQSO or ISO, the number of shares subject to the option, the exercise price of the option and the period of time during which the option may be exercised (including the impact of a termination of employment). Generally (except as otherwise described in the LTIP), no option can be exercisable more than seven years after the date of grant and the exercise price of a stock option must be at least equal to the fair market value of a share on the date of grant of the option. However, with respect to an ISO granted to a participant who is a shareholder holding more than 10% of the Company's total voting stock, the ISO cannot be exercisable more than five years after the date of grant and the exercise price must be at least equal to 110% of the fair market value of a share on the date of grant. The Committee may provide for accelerated vesting of options in the event of a death, disability or retirement (as defined in the applicable award agreement) or the occurrence of certain corporate events (e.g., a merger with an unrelated corporation or the sale of substantially all of the Company's assets to an unrelated entity).

[Table of Contents](#)

A participant may pay the exercise price under an option in cash; in a cash equivalent approved by the Committee; if approved by the Committee, by tendering previously acquired shares (or delivering a certification or attestation of ownership of such shares) having an aggregate fair market value at the time of exercise equal to the total option price (provided that the tendered shares must have been held by the participant for any period required by the Committee); or by a combination of these payment methods. The Committee may also allow cashless exercises as permitted under the Federal Reserve Board's Regulation T, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the LTIP's purpose and applicable law. No certificate representing a share (to the extent shares are so evidenced) will be delivered until the full option price has been paid.

Stock Appreciation Rights (SARs). A SAR entitles the participant to receive cash, shares, a combination thereof, or such other consideration as the Committee may determine, in an amount equal to the excess of the fair market value of a share on the exercise date over the exercise price for the SAR, after certain conditions have been met. The Committee will determine and specify in the SAR award agreement the number of shares subject to the SAR, the SAR price (which generally (except as otherwise described in the LTIP) must be at least equal to the fair market value of a share on the date of grant of the SAR) and the period of time during which the SAR may be exercised (including the impact of a termination of employment). Generally, (except as otherwise described in the LTIP), no SAR can be exercisable more than seven years after the date of grant. SARs may be granted in tandem with a stock option or independently. If a SAR is granted in tandem with a stock option, the participant may exercise the stock option or the SAR, but not both. The Committee may provide for accelerated vesting of SARs in the event of a death, disability or retirement (as defined in the applicable award agreement) or the occurrence of certain corporate events (e.g., a merger with an unrelated corporation or the sale of substantially all of the Company's assets to an unrelated entity).

Restricted Stock and Restricted Stock Units. The Committee will specify the terms of a restricted stock or restricted stock unit award in the award agreement, including the number of shares of restricted stock or units; the purchase price, if any, to be paid for such restricted stock/unit, which may be more than, equal to, or less than the fair market value of a share and may be zero, subject to such minimum consideration as may be required by applicable law; any restrictions applicable to the restricted stock/unit such as continued service or achievement of performance goals; the length of the restriction period and whether any circumstances, such as death, disability, retirement (as defined in the applicable award agreement) or a change in control, shorten or terminate the restriction period; the rights of the participant during the restriction period to vote and receive dividends in the case of restricted stock or to receive dividend equivalents in the case of restricted stock units that accrue dividend equivalents; and whether restricted stock units will be settled in cash, shares or a combination of both. The restriction period may be of any duration. The Committee may provide in the award agreement for lapse of the restriction period in monthly or longer installments over the course of the restriction period.

Performance Shares and Units. A performance share will have an initial value equal to the fair market value of a share on the date of grant. A performance unit will have an initial value that is established by the Committee at the time of grant. In addition to any non-performance terms applicable to the performance share or performance unit, the Committee will set performance goals which, depending on the extent to which they are met, will determine the number or value of the performance shares or units that will be paid out to the participant. The Committee may provide for payment of earned performance shares/units in cash or in shares or in the form of other awards granted under the LTIP which have a fair market value equal to the value of the earned performance shares/units at the close of the applicable performance period. The Committee may provide that performance shares/units are earned notwithstanding achievement of the performance goals in the event of death or disability or the occurrence of certain corporate events (for example, a merger with an unrelated corporation or the sale of substantially all of the Company's assets to an unrelated entity). For performance shares/units that are not intended to comply with the performance-based compensation exception under Section 162(m), the Committee may also provide that the performance shares/units are earned notwithstanding achievement of the performance goals in the event of retirement (as defined in the applicable award agreement).

Performance shares/units will not possess voting rights and will accrue dividend equivalents only to the extent provided in the agreement evidencing the award; provided, however, that rights to dividend equivalents are permitted only to the extent they comply with, or are exempt from, Section 409A of the Code (referred to as Section 409A). Any rights to dividend equivalents will be subject to the same restrictions on vesting and payment as the underlying award. With respect to Covered Employees, the Committee may apply any restrictions it deems

[Table of Contents](#)

appropriate to the payment of dividends declared with respect to performance shares/units such that the dividends or performance shares/units maintain eligibility for the performance-based compensation exception under Section 162(m).

Performance Measures. For awards under the LTIP that are intended to qualify under the performance-based compensation provisions of Section 162(m), the performance measure or measures to be used for purposes of such awards must be chosen from among the following: earnings (GAAP and non-GAAP), earnings per share (GAAP and non-GAAP), consolidated pre-tax earnings (GAAP and non-GAAP), net earnings (GAAP and non-GAAP), net income (GAAP and non-GAAP), operating income (GAAP and non-GAAP), EBIT (earnings before interest and taxes) (GAAP and non-GAAP), EBITDA (earnings before interest, taxes, depreciation and amortization) (GAAP and non-GAAP), gross margin (GAAP and non-GAAP), operating margin (GAAP and non-GAAP), profit margin (GAAP and non-GAAP), revenues, revenue growth, market value added, market share, economic value added, return measures (including but not limited to return on equity, return on investment, return on assets, return on net assets, and return on capital employed), total shareholder return, profit (GAAP and non-GAAP), operating profit (GAAP and non-GAAP), economic profit, capitalized economic profit, after-tax profit (GAAP and non-GAAP), pre-tax profit (GAAP and non-GAAP), cash, cash flow measures (including but not limited to operating cash flow, free cash flow, cash flow return, and cash flow per share), sales, sales volume, sales growth, assets, inventory turnover ratio, productivity ratios, share price, cost, unit cost, expense targets or ratios, charge-off levels, operating efficiency, operating expenses (GAAP and non-GAAP), customer satisfaction, improvement in or attainment of expense levels, working capital, improvement in or attainment of working capital levels, debt, debt to equity ratio, debt reduction, capital targets and/or consummation of acquisitions, dispositions, projects or other specific events or transactions. Any performance measure may be applied to the Company and certain affiliates in the aggregate, to a selection of or one or more of these entities, to each as a whole or alternatively, or to any business unit of the Company or certain of its affiliates, either individually, alternatively or in any combination and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to results for previous years or to a designated comparison group of entities or to a published or stock market or other index, in each case as specified by the Committee. The Committee will specify the period over which the performance goals for a particular award will be measured.

The Committee may also establish other performance measures for awards granted to participants that are not intended to qualify for the performance-based compensation exception from Section 162(m).

The Committee will determine whether the applicable performance goals have been met with respect to a particular award and, if they have, the Committee must so certify in writing and ascertain the amount payable under the award. The Committee is authorized to make adjustments in performance-based criteria or in the terms and conditions of other awards in recognition of unusual or nonrecurring events affecting the Company or its financial statements (including, but not limited to, asset write-downs; litigation or claim judgments or settlements; reorganizations or restructuring programs; extraordinary, unusual, or nonrecurring items of gain or loss as defined under U.S. generally accepted accounting principles; mergers, acquisitions or divestitures; and foreign exchange gains and losses) or changes in applicable laws, regulations or accounting principles. In the case of awards to Covered Employees (as defined for purposes of Section 162(m)) that are intended to qualify under the performance-based compensation exception from the deductibility limitations of Section 162(m), the adjustments must be made in accordance with guidelines established by the Committee at the time the performance-based award is granted (or within such period thereafter as may be permissible under Section 162(m)). In addition, in the event that the Committee determines that it is advisable to grant awards which are not intended to qualify for the performance-based compensation exception from the deductibility limitations of Section 162(m), the Committee may make such grants without satisfying the requirements of Section 162(m).

Other Awards. The Committee may grant other forms of equity-based or equity-related awards that the Committee determines to be consistent with the purpose of the LTIP and the interests of the Company. These other awards may provide for cash payments based in whole or in part on the value or future value of shares, for the acquisition or future acquisition of shares, or any combination thereof. Where the value of such an award is based on the difference in the value of a share at different points in time, the grant or exercise price must generally (except as otherwise described in the LTIP) not be less than 100% of the fair market value of a share on the date of grant.

Amendment and Termination. The Committee may amend or terminate the LTIP in whole or in part at any time, but the amendment or termination cannot adversely affect any rights or obligations with respect to an award previously granted without the affected participant's written consent. The Company must obtain the approval of the

shareholders before amending the LTIP to the extent required by Section 162(m) or Section 422 of the Code or the Nasdaq Listing Rules or other applicable law.

The Committee may amend an outstanding award agreement in a manner not inconsistent with the terms of the LTIP, but the amendment will not be effective without the participant's written consent if the amendment is adverse to the participant. However, the Committee cannot reprice a stock option or SAR except in accordance with the adjustment provisions of the LTIP (as described above) or to the extent the shareholders approve the repricing. For this purpose, a repricing generally is an amendment to the terms of an outstanding stock option or SAR that would reduce the option exercise price or SAR price or a cancellation, exchange, substitution, buyout or surrender of an outstanding stock option or SAR in exchange for cash, another award or stock option or SAR with an option exercise price or SAR price that is less than the option exercise price or SAR price of the original stock option or SAR. The Committee may provide for clawback provisions in award agreements based on "detrimental activity" (as defined in the LTIP) or for other reasons.

Transferability. Awards generally may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated by a participant other than by will or the laws of descent and distribution, and each option or SAR may be exercisable only by the participant during his or her lifetime. However, the Committee may provide in an award agreement for an NQSO that the NQSO be transferable consistent with securities law and other applicable law. NQSOs may not be transferred for value or consideration.

Certain Federal Income Tax Consequences for Participants Subject to U.S. Tax Law

The following is intended only as a brief summary of the federal income tax rules relevant to the primary types of awards available for issuance under the LTIP and is based on the terms of the Code as currently in effect. The applicable statutory provisions are highly technical and subject to change in the future (possibly with retroactive effect), as are their interpretations and applications. Because federal income tax consequences may vary as a result of individual circumstances, participants are encouraged to consult their personal tax advisors with respect to their tax consequences. The following summary is limited to United States federal income tax treatment. It does not address state, local, gift, estate, social security or foreign tax consequences, which may be substantially different. Certain intended LTIP participants are residents of foreign countries.

NQSOs. A participant generally is not taxed upon the grant of an NQSO, unless the NQSO has a readily ascertainable fair market value (usually meaning that the NQSO is traded on a securities market). However, the participant must recognize ordinary income upon exercise of the NQSO in an amount equal to the difference between the NQSO exercise price and the fair market value of the shares acquired on the date of exercise. If the participant is subject to suit under Section 16(b) of the Exchange Act (the short swing profits rule), the participant recognizes ordinary income in the amount by which the fair market value of the shares determined as of a later date exceeds the exercise price for the shares, with such later date being the earlier of (i) the expiration of six months from the date of exercise; or (ii) the first day on which the disposition of the shares would not subject the participant to suit under Section 16(b) of the Exchange Act, unless the participant makes a timely election under Section 83(b) of the Code (referred to as Section 83(b)), in which event the fair market value of the shares will be determined on the date of exercise. The Company generally will have a deduction in an amount equal to the amount of ordinary income recognized by the participant in the Company's tax year during which the participant recognizes ordinary income.

Upon the sale of shares acquired pursuant to the exercise of an NQSO, the participant will recognize capital gain or loss to the extent that the amount realized from the sale is different than the fair market value of the shares on the date of exercise (or, if the participant was subject to suit under Section 16(b) of the Exchange Act and did not make a timely election under Section 83(b), the fair market value on the delayed determination date, if applicable). This gain or loss will be long-term capital gain or loss if the shares have been held for more than one year after exercise.

ISOs. A participant is not taxed on the grant or exercise of an ISO. The difference between the exercise price and the fair market value of the shares covered by the ISO on the exercise date will, however, be a preference item for purposes of the alternative minimum tax. If a participant holds the shares acquired upon exercise of an ISO for at least two years following the ISO grant date and at least one year following exercise, the participant's gain, if any, upon a subsequent disposition of the shares is long-term capital gain. The amount of the gain is the difference between the proceeds received on disposition and the participant's basis in the shares (which generally equals the

[Table of Contents](#)

ISO exercise price). If a participant disposes of shares acquired pursuant to exercise of an ISO before satisfying these holding periods, the participant will recognize both ordinary income and capital gain in the year of disposition. The Company is not entitled to a federal income tax deduction on the grant or exercise of an ISO or on the participant's disposition of the shares after satisfying the holding period requirement described above. If the holding periods are not satisfied, the Company will be entitled to a deduction in the year the participant disposes of the shares in an amount equal to the ordinary income recognized by the participant.

In order for an option to qualify as an ISO for federal income tax purposes, the grant of the option must satisfy various other conditions specified in the Code. In the event an option intended to be an ISO fails to qualify as an ISO, it will be taxed as an NQSO as described above.

Restricted Stock Awards. A participant generally will recognize taxable ordinary income upon the receipt of a restricted stock award if the shares are not subject to a substantial risk of forfeiture. The income recognized will be equal to the fair market value of the shares at the time of receipt less any purchase price paid for the shares. If the shares are subject to a substantial risk of forfeiture, the participant generally will recognize taxable ordinary income when the substantial risk of forfeiture lapses. If the substantial risk of forfeiture lapses in increments over several years, the participant will recognize income in each year in which the substantial risk of forfeiture lapses as to an increment. If the participant cannot sell the shares without being subject to suit under Section 16(b) of the Exchange Act (the short swing profits rule), the shares will be treated as subject to a substantial risk of forfeiture. The income recognized upon lapse of a substantial risk of forfeiture will be equal to the fair market value of the shares determined as of the time that the substantial risk of forfeiture lapses less any purchase price paid for the shares. The Company generally will be entitled to a deduction in an amount equal to the amount of ordinary income recognized by the participant.

Alternatively, if the shares are subject to a substantial risk of forfeiture, the participant may make a timely election under Section 83(b) to recognize ordinary income for the taxable year in which the participant received the shares in an amount equal to the fair market value of the shares at that time. That income will be taxable at ordinary income tax rates. If a participant makes a timely Section 83(b) election, the participant will not recognize income at the time the substantial risk of forfeiture lapses with respect to the shares. At the time of disposition of the shares, a participant who has made a timely Section 83(b) election will recognize gain in an amount equal to the difference between the purchase price, if any, and the amount received on the disposition of the shares. The gain will be taxable at the applicable capital gains rate. If the participant forfeits the shares after making a Section 83(b) election, the participant is not entitled to a deduction with respect to the income recognized as a result of the election. To be timely, the Section 83(b) election must be made within 30 days after the participant receives the shares. The Company will generally be entitled to a deduction in an amount equal to the amount of ordinary income recognized by the participant at the time of the election.

Restricted Stock Units (RSUs). A participant generally is not taxed upon the grant of an RSU. Generally, if an RSU is designed to be paid on or shortly after the RSU is no longer subject to a substantial risk of forfeiture, then the participant will recognize ordinary income equal to the amount of cash and the fair market value of the shares received by the participant, and the Company will be entitled to an income tax deduction for the same amount. However, if an RSU is not designed to be paid on or shortly after the RSU is no longer subject to a substantial risk of forfeiture, the RSU may be deemed a nonqualified deferred compensation plan under Section 409A. In that case, if the RSU is designed to meet the requirements of Section 409A, then the participant will recognize ordinary income equal to the amount of cash and the fair market value of the shares received by the participant, and the Company will be entitled to an income tax deduction for the same amount. However, if the RSU is not designed to meet the requirements of Section 409A, the participant will be subject to ordinary income when the substantial risk of forfeiture lapses as well as an additional twenty-percent (20%) excise tax, and additional tax could be imposed each following year.

Performance Share/Unit Awards; Stock Appreciation Rights (SARs). A participant generally is not taxed upon the grant of a performance share/unit or SAR. The participant will recognize taxable income at the time of settlement of the performance share/unit or at the time of exercise of the SAR in an amount equal to the amount of cash and the fair market value of the shares received upon settlement or exercise. However, if the participant is subject to suit under Section 16(b) of the Exchange Act (the short swing profits rule), the participant will recognize taxable income at the time of settlement or exercise, as applicable, in an amount equal to the amount of cash received at that time and the fair market value (determined as of the earlier of (i) the expiration of six months from

[Table of Contents](#)

the date of settlement or exercise, as applicable; or (ii) the first day on which the disposition of the shares would not subject the participant to suit under Section 16(b) of the Exchange Act, unless the participant makes a timely election under Section 83(b) of the shares received upon such settlement or exercise. The income recognized will be taxable at ordinary income tax rates. The Company generally will be entitled to a deduction in an amount equal to the amount of ordinary income recognized by the participant. Any gain or loss recognized upon the disposition of the shares acquired pursuant to settlement of a performance share/unit or exercise of a SAR will qualify as long-term capital gain or loss if the shares have been held for more than one year after settlement or exercise.

Golden Parachute Payments. The terms of the agreement evidencing an award under the LTIP may provide for accelerated vesting or accelerated payout of the award in connection with a change in ownership or control of the Company. In such event, certain amounts with respect to the award may be characterized as “parachute payments” under the golden parachute provisions of the Code. Under Section 280G of the Code, no federal income tax deduction is allowed to the Company for “excess parachute payments” made to “disqualified individuals,” and receipt of such payments subjects the recipient to a 20% excise tax under Section 4999 of the Code. For this purpose, “disqualified individuals” are generally officers, shareholders or highly compensated individuals performing services for the Company, and the term “excess parachute payments” includes payments in the nature of compensation which are contingent on a change in ownership or effective control of the Company, to the extent that such payments (in present value) exceed three times the recipient’s average annual taxable compensation from the Company for the previous five years. Certain payments for reasonable compensation for services rendered after a change of control and payments from tax-qualified plans are generally not included in determining “excess parachute payments.” If payments or accelerations may occur with respect to awards granted under the LTIP, certain amounts in connection with such awards may possibly constitute “parachute payments” and be subject to these “golden parachute” tax provisions.

Plan Awards

The following table sets forth with respect to each individual and group listed below (i) the number of shares of common stock issued or issuable pursuant to stock options granted under the LTIP, (ii) the number of shares underlying restricted stock and stock unit awards granted under the LTIP and (iii) the number of shares of common stock issued or issuable pursuant to performance units granted under the LTIP, in each case since the LTIP’s effectiveness on October 29, 2013 through September 4, 2014. Any future awards to eligible participants under the LTIP are subject to the discretion of the Committee or Board of Directors and therefore are not determinable at this time. To date, no incentive stock options have been granted under the LTIP and none are presently contemplated. The table does not include grants made under any of the Company’s other compensation plans.

The Company in August 2014 also granted additional performance units to Messrs. Swoboda, McDevitt and Hiller under the LTIP. Pursuant to these awards, if the Company achieves certain annual financial goals during fiscal 2015, Messrs. Swoboda, McDevitt and Hiller may earn incentive compensation in target amounts equal to 140%, 48% and 48%, respectively, of their base salary. These awards do not provide for settlement in shares. The actual payouts may range from 0% to 200% of the target amount depending upon the Company's financial performance.

(6) Includes shares remaining for future issuance under the Deferral Program.

As of June 29, 2014, the only compensation plans or arrangements under which the Company is authorized to issue equity securities and which have not been previously approved by the shareholders are the Deferral Program and the options assumed under the LLF Plan. The LLF Plan has been terminated as to future grants. The following is a brief description of the material features of these plans; this description is not intended to be a complete description of the plans and is qualified in its entirety by reference to the full text of the applicable plan:

LLF Plan. In connection with the acquisition of LLF in February 2008, pursuant to which LLF became the Company's wholly owned subsidiary, the Company assumed certain outstanding stock options granted under the LLF Plan. Since the closing of the acquisition, no additional stock options have been awarded, nor are any authorized to be awarded, under the LLF Plan. As of June 29, 2014, there were 11,510 nonqualified stock options outstanding under the LLF Plan.

Deferral Program. The Company offers its non-employee directors the opportunity to receive all or a portion of their cash compensation in shares of the Company's common stock and to defer the time of receipt of such shares. A non-employee director may elect to receive a lump sum payment or annual installment payments of the shares following such director's separation from service with the Company. Non-employee directors must make their deferral elections by December 31 of the prior year. The Board of Directors adopted the plan in August 2009, and it became effective on January 1, 2010. As of June 29, 2014, there were 100,000 shares reserved for issuance under the Deferral Program, of which 8,758 shares have been credited to directors' accounts.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis describes the compensation of Cree's named executive officers for fiscal 2014. It is composed of the following sections explaining the decisions that were made in determining the fiscal 2014 compensation for each named executive officer:

- 1) *Executive Summary*: highlights Cree's compensation philosophy and elements, and fiscal 2014 performance and pay;
- 2) *Compensation Philosophy and Objectives*: discusses the philosophy behind Cree's compensation practices;
- 3) *Compensation Process*: discusses how each element of compensation is determined;
- 4) *Elements of Executive Compensation and Analysis of Fiscal 2014 Compensation Decisions*: provides greater detail on each element of compensation and the individual compensation of each named executive officer; and
- 5) *Additional Information*: discusses additional policies and arrangements related to executive compensation.

Named Executive Officers

The named executive officers who were serving as executive officers of Cree at the end of fiscal 2014 were:

- Charles M. Swoboda, Chairman, Chief Executive Officer and President;
- Michael E. McDevitt, Executive Vice President and Chief Financial Officer; and
- Norbert W. G. Hiller, Executive Vice President–Lighting.

In addition, Tyrone D. Mitchell, Jr., former Executive Vice President–Lighting, served as a named executive officer for a portion of fiscal 2014.

Executive Summary

The Compensation Committee of the Board of Directors has overall responsibility for executive officer compensation, including defining the compensation philosophy, setting the elements of compensation and approving individual compensation decisions. The Committee is also responsible for overseeing administration of compensation and benefit programs and plans in which the executive officers are eligible to participate.

The Committee believes that executive officer compensation should:

- be linked closely to Cree's performance;
- align the interests of the executives with those of Cree's shareholders;
- provide incentives for achieving financial and business goals; and
- provide individual executive officers with the opportunity to earn compensation at levels that are competitive with executives in comparable jobs within Cree's peer companies.

The primary elements of Cree's executive compensation program are:

- base salary;
- performance-based cash incentive compensation, which is paid annually under our long-term incentive compensation plan (or LTIP) for our CEO and our other named executive officers, and which is paid quarterly under our management incentive compensation plan (or MICP) for our named executive officers other than the CEO; and
- long-term equity incentive compensation, in the form of options, restricted stock units (RSUs) and performance stock units (PSUs).

The cash and equity incentive elements are linked directly to corporate performance and shareholder return, and these elements account for the majority of the target total direct compensation of each executive officer. While these incentive elements provide an opportunity for the executive officer to realize considerable value, total direct

[Table of Contents](#)

compensation *actually* earned can vary substantially from the target depending on the degree to which Cree's financial and business objectives are achieved and shareholder value increased.

Cree's financial performance in fiscal 2014 was strong and Cree achieved its strategic objectives of leading with innovation across our product lines; building the Cree brand; focusing on select markets where Cree can drive LED lighting adoption; and leveraging new product momentum to grow revenue and profit. For fiscal 2014, Cree increased revenues by 19%, to a record \$1.65 billion, and increased non-GAAP net income by 31% to \$203 million or \$1.65 per diluted share (Cree's net income on a GAAP basis was \$124 million or \$1.01 per diluted share; Cree's non-GAAP results exclude stock-based compensation expense and amortization or impairment of acquisition-related intangibles, net of tax). The Committee remains committed to reinforcing Cree's pay-for-performance philosophy in fiscal 2015 and beyond.

Key actions the Committee took with respect to setting fiscal 2014 compensation targets are summarized below. These actions are discussed in depth below under "Elements of Executive Compensation and Analysis of Fiscal 2014 Compensation Decisions—Overall Program Design and Fiscal 2014 Implementation."

- Base salaries. The Committee approved annual merit increases in base salary for Messrs. Swoboda, McDevitt, Hiller and Mitchell in August 2013 to make the officers' salaries more competitive in the marketplace.
- Proportion of performance-based pay. Over 85% of the CEO's target total direct compensation (as defined below) for fiscal 2014 was comprised of variable performance-based pay in the form of short-term cash incentives and long-term equity awards. On average, over 76% of the other named executive officers' target total direct compensation for fiscal 2014 was comprised of these components.
- Aggressive financial targets for performance-based cash incentive compensation. The Committee established challenging annual financial targets for the fiscal 2014 performance-based cash incentive programs that applied to all of Cree's named executive officers, and the CEO similarly established challenging quarterly financial and individual targets under the MICP in which all of the named executive officers other than the CEO participate. Cree achieved some of its annual financial targets, and therefore the CEO and the other named executive officers received a portion of the targeted annual cash incentive compensation under the LTIP. Cree also achieved its quarterly financial targets for three of the four fiscal quarters, and therefore the named executive officers who participate in the MICP (all named executive officers other than the CEO) received quarterly cash incentive compensation for those three quarters.
- Long-term equity compensation. Cree grants equity awards to the named executive officers in the form of stock options, RSUs and PSUs to align the interests of the named executive officers with the shareholders and to facilitate executive officer retention.

Compensation Philosophy and Objectives

The Committee believes that the compensation packages provided to the named executive officers should include both cash and stock-based compensation and should utilize performance-based compensation to reward performance as measured against established business goals, which results in increased compensation to the executive officers if Cree meets or exceeds these goals. For fiscal 2014, the Committee endeavored to create compensation packages for the named executive officers with the general goal that approximately 75% (or more) of such individuals' total direct compensation would be at risk, and would generally only be earned by the executives based on increasing Cree's operating profits, which historically have been highly correlated with an increase in Cree shareholder value.

For fiscal 2014, the Committee generally targeted total *target* cash compensation (consisting of base salary and targeted short-term cash incentives), and total *target* direct compensation (consisting of total *target* cash compensation plus long-term equity compensation valued using Black-Scholes), to be between the 50th and the 75th percentiles of the "market data" (as such term is described and defined in "Role of Benchmarking and Comparative Analysis" below), although only two of the named executive officers' *target* total cash compensation for fiscal 2014 (Messrs. McDevitt and Hiller) fell between the 50th and the 75th percentiles of the market data. Each of Mr. Swoboda's and Mr. Mitchell's *target* total cash compensation for fiscal 2014 was below the 50th percentile of the market data. *Actual* total cash compensation, or TCC, and *actual* total direct compensation, or TDC, would then vary with the performance-based elements of TCC or TDC based on corporate and individual performance.

[Table of Contents](#)

In setting fiscal 2014 compensation for the named executive officers, the Committee:

- evaluated each element of compensation as compared to executives in similar roles in Cree's Peer Group (as defined below) and the Radford Global Technology survey;
- assessed the performance of the named executive officers, and considered the scope of responsibility and strategic impact of their respective roles within Cree;
- emphasized variable and performance-based compensation to motivate executives to achieve Cree's business objectives and align pay with performance; and
- utilized equity compensation to create a culture of ownership and focus on long-term growth to ensure that equity compensation would continue to play a significant role in the total pay mix for the executives, in order to ensure their alignment with shareholder interests.

Compensation Process

Role of Compensation Consultant

The Committee has engaged Radford, an Aon Hewitt Company, to act as the Committee's independent compensation consultant. The Committee has assessed Radford's independence and determined that Radford had no conflicts of interest in connection with its provision of services to the Committee. Radford reports directly to the Committee and works with management only at the Committee's direction. For fiscal 2014, Radford was given the overall directive to assist the Committee with implementing Cree's compensation philosophy for the executive officers in keeping with overall objectives, including gathering relevant market data to assist the Committee in making compensation decisions for the named executive officers, as well as reviewing Cree's severance and change in control arrangements as compared to those of the Peer Group. Cree also purchases published compensation and benefits surveys from Radford, and on occasion, engages Radford to provide consulting services for non-executive compensation matters. The fees paid to Radford for these additional services did not exceed \$120,000 in fiscal 2014.

Role of Executive Officers

No executive officer, including the CEO, provides input to the Committee into setting his own compensation, but executive officers are provided the opportunity to make recommendations regarding individual goals, and, with respect to the CEO, annual corporate goals. The CEO is responsible for annually evaluating the performance of the named executive officers (except himself), developing performance summaries and making recommendations to the Committee based on those reviews for the compensation of those executives, which are one factor the Committee considers in making final compensation decisions. Further, the CEO coordinates with executive officers throughout the fiscal year in setting quarterly individual goals under the MICP and sets the quarterly Company performance goals under the MICP.

Role of Benchmarking and Comparative Analysis (Market Data)

The Committee uses market analyses provided by Radford as a reference point to evaluate the competitiveness of Cree's compensation packages for the executive officers. Radford develops a market composite (referred to herein as "market data") equally weighted using data from two sources: (1) public company filings from a select peer group (the "Peer Group"); and (2) the Radford Global Technology survey (composed of other technology companies of comparable size to Cree). Jobs of similar scope and responsibility as those at the Peer Group companies and companies included in the Radford survey are identified and a market composite is created for each of the executive officer roles. The Committee uses this market data to analyze base salary, short-term cash incentive compensation, TCC, equity compensation, and TDC.

Peer Group

The Committee, assisted by Radford, selects Cree's peer group based on the following criteria:

- semiconductor or semiconductor-related business;
- semiconductor device companies (as opposed to equipment companies);
- "clean" technology companies (those who offer products and services to reduce the use of natural resources);

[Table of Contents](#)

- comparable revenue, market capitalization, and market capitalization as a multiple of revenue;
- comparable number of employees; and
- companies against which Cree competes for executive talent.

The Committee reviews the peer group each year to determine if companies should be added or removed from the Peer Group list. For fiscal 2014, in May 2013 the Committee decided to remove five companies from the peer group for fiscal 2013, or the 2013 Peer Group, and add four new companies for fiscal 2014 for the reasons discussed below.

Based on data furnished to the Committee by Radford, the Committee noted that for comparative purposes (when compared to the 2013 Peer Group), Cree's employee size was above the 70th percentile of the 2013 Peer Group and revenue was between the 25th and 50th percentiles of the 2013 Peer Group, while both the one year and three year revenue growth were above the 90th percentile. Moreover, a number of the 2013 Peer Group companies appeared to be outliers from a revenue and market capitalization perspective. Accordingly, based on size of company by net income, market capitalization, revenues and employees, among other factors, Radford recommended and the Committee decided to remove five companies from the fiscal 2013 Peer Group (Integrated Device Technology, Intersil, PMC-Sierra, Silicon Laboratories and TriQuint Semiconductor) and to add four new companies for fiscal 2014 (Analog Devices, Atmel, AVX and LSI). Accordingly, the Peer Group companies for Cree for fiscal 2014 were:

Acuity Brands, Inc.	LSI Corporation
Altera Corporation	Maxim Integrated Products, Inc.
Analog Devices, Inc.	Microchip Technology Incorporated
Atmel Corporation	Microsemi Corporation
AVX Corporation	RF Micro Devices, Inc.
Fairchild Semiconductor International, Inc.	Skyworks Solutions, Inc.
First Solar, Inc.	SunEdison, Inc.
Hexcel Corporation	Xilinx, Inc.
Linear Technology Corporation	

In May 2014, the Committee evaluated Cree's performance against the performance of the 2014 Peer Group through their last completed fiscal years for which data was available. Cree's relative financial performance compared to that of the Peer Group companies on a one-, three- and five-year basis through the last completed fiscal year is as follows:

- revenue growth rate—the highest of the Peer Group for both the one and five year periods, and above the 75th percentile for the three year period; and
- net income growth—the highest of the Peer Group for both the one and five year periods and above the 70th percentile on a three-year compounded annual basis.

Radford Global Technology Survey

The Committee also considered the Radford Global Technology survey as another source of competitive data to ascertain compensation levels in the broader competitive market. For benchmarking purposes in fiscal 2014, the Committee selected data from the surveys for public high-technology companies with annual revenue levels between \$1 billion and \$3 billion for Messrs. Swoboda and McDevitt. Radford benchmarked Messrs. Hiller and Mitchell against companies with revenues of \$500 million to \$1.5 billion and \$250 million to \$750 million, respectively. A list of these companies can be found in Appendix A. The analysis included the 25th, 50th, and 75th percentiles on base salary, short-term cash incentive compensation, TCC, equity compensation, and TDC.

Determination of Target Total Direct Compensation (TDC)

In April 2014, as part of the Committee's typical compensation process, Radford presented the Committee an overview of regulatory trends and developments in executive compensation. In August 2014, Radford presented a comprehensive analysis of Cree's executive compensation as compared to market data and in light of these trends and developments. Radford presented analyses of base salary, performance-based cash incentives, and equity award levels for each executive officer and made recommendations to the Committee using criteria that align with Cree's

[Table of Contents](#)

compensation philosophy. In addition, the CEO made recommendations with respect to base salary adjustments for executive officers other than himself. The Committee then assessed each compensation component as described below:

- Base salary increases, if any, are based on:
 - individual performance, including but not limited to, achievement of financial objectives, strategy development and implementation, and overall leadership capabilities including demonstration of the Cree values;
 - responsibilities for which the executive is accountable; and
 - relative position to the market data for that job.
- Cash-based performance incentive targets as a percentage of base salary are evaluated and approved based on the:
 - level of impact each of the respective executive officer roles has on financial and strategic results;
 - desired mix of base salary, short-term and long-term incentive compensation; and
 - relative position to the market data and comparable short-term incentive targets as a percent of base salary for that job.
- Stock option, RSU and PSU guidelines are assessed based on the:
 - level of the executive within the organization and the desire to most closely link jobs with the highest impact on financial results to the returns experienced by Cree’s shareholders;
 - scope of responsibilities for which the executive is accountable; and
 - competitive position of Cree’s target long-term equity incentive compensation as compared to the market data.

After a comprehensive review of these elements, the Committee developed target TCC and target TDC for each of the named executive officers.

Determination of Financial and Individual Objectives

The Committee approves one or more annual financial targets that align with Cree’s strategic and financial goals for the coming fiscal year. The annual financial targets approved by the Committee for fiscal 2014 were stated in terms of revenue and non-GAAP operating income, which is equal to Cree’s GAAP operating income less stock-based compensation expense and amortization or impairment of acquisition-related intangibles. Each named executive officer’s performance is assessed against these objectives. The named executive officers, excluding the CEO, are also evaluated against quarterly financial and individual objectives that are established by the CEO. Achievement of these pre-determined financial and individual objectives determines the eventual performance incentive payouts as defined by the program guidelines.

Performance Assessment and Approval of Performance-based Cash Incentives

The Committee has delegated authority to the CEO to approve quarterly payouts under the MICP. Throughout the year, the executive officers have the opportunity to provide input into developing their quarterly individual goals. At the end of each quarter, the executive officers’ performance is assessed against those goals and the CEO reviews and approves quarterly payouts, if any, under this performance-based cash incentive plan.

At the close of each fiscal year, the CEO reviews the performance of each executive officer (other than himself) and develops a performance summary and recommendations for base salary increases. The CEO also recommends any annual payout for the performance units for the named executive officers under the LTIP, which is based on pre-approved financial targets at prescribed payout levels, all as previously approved by the Committee in the previous August (at the beginning of the fiscal year). These recommendations are presented to the Committee and are one factor the Committee considers in making final compensation decisions for the recently completed fiscal year and the upcoming fiscal year.

Each August, the independent members of the Board of Directors evaluate the CEO’s performance for the just ended fiscal year. His performance is assessed based on financial results, overall leadership, and achievement of strategic objectives for that completed fiscal year. A summary of this evaluation is presented to the Committee along with the short-term incentive payout recommendation for the previous fiscal year, which is based solely on Cree’s

[Table of Contents](#)

financial performance during that previous fiscal year. The Committee then also determines the pay actions that will be taken for the CEO for the upcoming fiscal year, including target TCC and target TDC.

Role of Tally Sheets

In making compensation decisions for the CEO for each fiscal year, the Committee members review a three-year tally sheet. The tally sheet lists the individual elements of compensation for the past three fiscal years and provides an arithmetic value and summary of the individual elements. This summary provides the Committee with the value of the CEO’s compensation package and assists the Committee in determining appropriate changes for the upcoming fiscal year. Consideration of these factors is necessarily subjective in nature and actual pay decisions involve the subjective discretion of the Committee.

Role of the Advisory (Non-binding) Shareholder Vote to Approve Executive Compensation

Cree provides its shareholders with the opportunity to cast an annual advisory (non-binding) vote to approve executive compensation, or the “Say-on-Pay” proposal. At the 2013 Annual Meeting of Shareholders, a substantial majority of the votes cast at that meeting (97%) were voted in favor of the Say-on-Pay proposal, which the Committee believes affirms shareholders’ support of Cree’s executive compensation program. The Committee considered the result of this vote, and following such consideration, did not make any material changes to Cree’s executive compensation decisions or policies. The Committee will continue to consider the outcome of the Say-on-Pay votes when making future compensation decisions for the named executive officers.

Elements of Executive Compensation and Analysis of Fiscal 2014 Compensation Decisions

The primary elements of Cree’s executive compensation program are described below. The term “market data” is described under “Role of Benchmarking and Comparative Analysis” above.

Compensation Element	Purpose	Practice
Base salary	Annual cash compensation for services rendered during the fiscal year.	Competitive market ranges are established using the 50 th and 75 th percentiles of the market data as “goal posts.” Actual executive salary is based on a holistic assessment by the Committee of the scope of position, experience, overall contributions to Cree’s success and individual performance and may be outside of these goal posts (and often is outside these goal posts given the Committee’s desire to have significant performance based compensation).
Performance-based cash incentive compensation	Annual cash payments for achieving predetermined financial goals and, for all executive officers except the CEO, quarterly cash payments for achieving predetermined financial and/or individual performance goals.	Target incentives, as a percentage of an executive’s base salary, are established based on market data. Actual payout is linked directly to the achievement of specified individual performance and/or corporate financial goals. The CEO and other named executive officers are eligible for annual payouts under the LTIP, and the other named executive officers are also eligible for quarterly payouts under the MICP.
Long-term equity incentive compensation	Time-based stock options, restricted stock units and performance stock units that are designed to drive executives’ focus on long-term growth and increased shareholder value and to promote retention.	Equity award grants are based on an evaluation of market data, corporate performance and potential retention risks. Equity levels vary among participants based on position and individual performance. Equity comprises a larger portion of the total direct compensation than the other pay elements.

Compensation Element	Purpose	Practice
Post-termination and severance benefits	To provide for certain limited economic security in the event an executive officer is terminated without cause or resigns with good reason.	Cree has entered into a change in control agreement with each named executive officer serving as an executive officer as of the end of fiscal 2014, which features a “double trigger,” described in “Change in Control Agreements” on page 51 below. Each such named executive officer is also covered under a severance plan which provides for severance benefits in the event the executive officer is terminated without cause or resigns for good reason (provided that he is not entitled to severance under the severance plan if he is entitled to severance under the change in control agreement).
Other benefits	To attract and retain executives by providing market competitive benefits.	Other benefits are generally those available to all employees. The only perk offered to named executive officers is the availability of a voluntary comprehensive physical examination once every two calendar years until age 50 and once per calendar year over age 50.

The Committee demonstrates its commitment to paying executive officers based on performance through the design of Cree’s compensation programs and the setting of stretch goals that support Cree’s growth strategy and commitment to increasing shareholder value. The Committee is also committed to maintaining a compensation program that creates appropriate incentives and does not create risks that are reasonably likely to have a material adverse effect on Cree. See “Compensation Program Risk Assessment” on page 15 for details regarding the Committee’s annual assessment of the compensation program.

Overall Program Design and Fiscal 2014 Implementation

For fiscal 2014, in August 2013 the Committee evaluated Cree’s fiscal 2013 performance to determine performance rewards for fiscal 2013 performance and as an initial reference point in setting fiscal 2014 objectives. Cree’s results for fiscal 2013 were strong:

- Revenue increased 19% to a record \$1.386 billion;
- Non-GAAP net income increased 42% to \$155 million, or \$1.32 per diluted share;
- Cash and investments increased to more than \$1 billion; and
- Cree made excellent progress on all four of its key objectives for fiscal 2013:
 - leading the market and accelerating adoption of LED lighting;
 - growing the LED component product line;
 - opening a new generation of applications for its Power and RF products; and
 - utilizing new product innovation to drive growth by taking share from traditional technologies in each of its businesses.

Based on this strong performance and other factors, the Committee determined to set targeted TDC for the named executive officers between the 50th and 75th percentiles of the market data.

Each compensation element is discussed and analyzed below along with the Committee’s decisions regarding compensation actions for fiscal 2014.

Base Salary

Base salary ranges are established for each executive officer based on job responsibilities along with the competitive range derived from market data. The Committee considers several factors when determining whether and where to set actual base salaries within the competitive range and whether to increase the base salaries. It assesses the executive’s performance against corporate and individual goals, experience, qualifications and scope of responsibilities. The Committee also assesses competitive salary practices by Peer Group companies and as

[Table of Contents](#)

reported in the Radford Global Technology survey. Further, the Committee considers the portion of each named executive officer's TDC that is comprised of fixed compensation (base salary) and the portion that is comprised of at-risk compensation (performance based incentives). The Committee is committed to reinforcing pay-for-performance, which it does by ensuring that fixed pay is a relatively small proportion of TDC, while remaining within the market competitive range.

The Committee approved base salary merit increases for the named executive officers in August 2013, resulting in the following base salaries for fiscal 2014:

<u>Executive Officer</u>	<u>Fiscal 2013 Salary</u>	<u>Fiscal 2014 Salary</u>	<u>Percentage Increase</u>
Charles M. Swoboda	\$ 700,000 ¹	\$ 750,000	7.1%
Michael E. McDevitt	\$ 375,000	\$ 395,000	5.3%
Norbert W. G. Hiller	\$ 375,000 ¹	\$ 380,000	1.3%
Tyrone D. Mitchell, Jr.	\$ 315,000 ¹	\$ 330,000 ²	4.8%

¹ Effective October 21, 2012.

² Effective December 2, 2013, Mr. Mitchell, formerly the Company's Executive Vice President–Lighting, was appointed as the Vice President of Operations–Lighting. In connection with this job change, his salary was adjusted effective December 30, 2013 to an annual salary of \$290,000 per year.

The Committee considered the following factors when determining the fiscal 2014 base salaries for the named executive officers:

- *Charles M. Swoboda.* Both Mr. Swoboda's quantitative and qualitative leadership ratings from the Board's leadership assessment were strong, which was a key consideration of the Committee in determining the level of base salary increase for Mr. Swoboda. The Committee considered the Board's ratings of Mr. Swoboda's strategic and leadership accomplishments as reflected in his annual performance evaluation when approving this base salary increase. Mr. Swoboda's base salary merit increase also reflected that he had been below the 50th percentile in base salary and his TCC was approximately 25th percentile of the market data. Following his base salary increase, Mr. Swoboda's base salary was slightly under the 50th percentile of the market data.
- *Michael E. McDevitt.* Mr. McDevitt has served as Cree's Executive Vice President and Chief Financial Officer since February 2013, having previously served as the Vice President and Interim Chief Financial Officer since May 2012. Based on his strong individual performance during his time as Chief Financial Officer and market data, Mr. McDevitt was given the base salary increase described above. Even with this base salary increase, Mr. McDevitt was still slightly below the 50th percentile of the market data in base salary.
- *Norbert W. G. Hiller.* The Committee had awarded Mr. Hiller base salary increases in both August 2012 and October 2012 based on his strong individual performance and market data. As a result, Mr. Hiller received a small merit increase for fiscal 2014, which positioned him at approximately the 50th percentile of the market data.
- *Tyrone D. Mitchell, Jr.* The Committee had awarded Mr. Mitchell base salary increases in both August 2012 and October 2012 based on his individual performance and market data. Mr. Mitchell also received the merit increase described above for fiscal 2014, which positioned him between the 25th and 50th percentile of the market data at that time.

Performance-Based Cash Incentive Compensation

Cree pays annual performance-based cash incentive compensation to the CEO and the other named executive officers for achievement of annual financial objectives under the LTIP. In addition, under the MICP, Cree pays the named executive officers (other than the CEO) quarterly performance-based cash incentive compensation for achievement of quarterly financial and individual objectives. The Committee measures the performance of Cree against annual financial objectives established at the beginning of the fiscal year. The CEO measures the performance of the other named executive officers against quarterly financial and individual objectives established at the beginning of each fiscal quarter.

Long-Term Incentive Compensation Plan (LTIP)

As explained above, the CEO and the other named executive officers are eligible to receive annual performance-based cash incentive compensation under the LTIP (referred to as performance units). Mr. Swoboda does not participate in any other cash-based performance incentive plan, including the MICP. The LTIP is designed to comply with Section 162(m) in that performance unit awards are contingent upon achievement of pre-determined corporate objectives. Awards are paid based on achievement of these performance goals established under the LTIP and are calculated using a pre-defined formula based on the level of Cree's financial performance, and the target awards are expressed as a percentage of the named executive officer's base salary. Any payment under these performance units are paid only in cash. In August 2013, each of the named executive officers received performance units under the LTIP for fiscal 2014 with the same annual targets as those established for the annual corporate performance goals under the MICP (discussed below).

For fiscal 2014, the annual financial targets approved by the Committee were stated in terms of revenue and non-GAAP operating income (equal to GAAP operating income less stock-based compensation expense and amortization or impairment of acquisition-related intangibles). In addition, before any annual payouts could be made under the LTIP (or the MICP) for fiscal 2014 performance, the Committee determined that a minimum non-GAAP operating income threshold for fiscal 2014 must be met first in order for any annual award to be paid (even if the revenue target was otherwise met).

Except as provided in the severance plan discussed below, or with respect to death or long-term disability or a change in control, (1) the named executive officer must have been continuously employed as an executive officer through the last day of the performance period; (2) the performance units would not be considered earned until the last day of the performance period; and (3) if the named executive officer terminated his employment prior to the last day of the performance period, with or without cause, he would have forfeited his performance units.

Management Incentive Compensation Plan (MICP)

Like the LTIP, the MICP provides guidelines for the calculation of annual and quarterly performance-based cash incentive compensation, subject to Committee oversight and modification. The participants in the MICP include the named executive officers (other than the CEO), other senior level managers who report directly to the CEO, and other key employees identified as participants by the CEO. As described above, for fiscal 2014, named executive officers, other than Mr. Swoboda (who does not participate in the MICP), were granted performance units under the LTIP instead of participating in the annual component of the MICP. Accordingly, only the quarterly components of the MICP are discussed below.

Awards under the MICP are determined based on performance measures in two categories: corporate goals, set both annually and quarterly; and individual goals, which are established quarterly. Under the MICP, the annual corporate performance goals are one or more annual financial targets recommended by the CEO and approved by the Committee at the beginning of the fiscal year. For fiscal 2014, the annual financial targets approved by the Committee were the same under the LTIP and the MICP. In addition, before any annual payouts could be made under the MICP (or the LTIP, as described above) for fiscal 2014 performance, the Committee determined that a minimum non-GAAP operating income threshold for fiscal 2014 must be met first in order for any annual award to be paid (even if the revenue target was otherwise met).

Similarly, under the MICP, quarterly corporate performance goals are one or more financial targets established by the CEO for a fiscal quarter at the beginning of each quarter. For fiscal 2014, the quarterly financial targets were consistent with quarterly corporate financial guidance and were stated in terms of revenue and non-GAAP operating income.

Individual goals are performance objectives specific to the individual or the individual's business unit's performance for the fiscal quarter. No award may be paid based on achievement of individual goals in a fiscal quarter unless Cree achieves its corporate financial goals for that quarter, unless otherwise determined by the CEO or the Committee, as described below.

Quarterly corporate goals and individual goals are measured at quarter end, and any corresponding awards are paid to eligible participants following approval of the award amounts by the CEO. In order to ensure Cree's best interests are met, the amount of a payment on an award otherwise calculated in accordance with the MICP may be increased, decreased or eliminated at any time prior to payment, in the sole discretion of the CEO, except that no change with respect to any award to any executive officer of Cree shall be made without Committee approval. The

actual awards paid to participants, if any, may vary with the level of achievement of the corresponding goals but cannot exceed the aggregate level approved by the Committee for 100% achievement.

Unless otherwise approved by the Committee in the case of executive officers or by the CEO in any other case, and except in the case of termination due to retirement, death or disability or in connection with a change in control, eligible participants must be employed by Cree on the last day of the performance period in order to receive payment for an award under the MICP. The MICP provides that, in the event of a change in control, Cree's performance against the quarterly corporate goals and each participant's performance measurement against individual goals for any performance period ending after the effective date of the change in control will be deemed to be 100%, Cree's performance against the annual corporate goals will be deemed to be at least 100%, and the associated awards will be paid regardless of whether the participant remains employed during or at the end of the performance period.

Cash Incentive Targets and Components under MICP and LTIP

Consistent with Radford's analysis of Cree's executive compensation as compared to the market data, in August 2013, the Committee increased Mr. Swoboda's annual target cash incentive award for fiscal 2014 to 125% of his base salary. This increase moved Mr. Swoboda's target TCC to approximately the 50th percentile of the market data.

The target cash incentive awards for the other named executive officers are summarized as follows:

- In August 2013, the Committee set the total cash incentive target at 80% of base salary for each of Messrs. McDevitt, Hiller and Mitchell, which put Mr. McDevitt's and Mr. Hiller's target TCC at approximately the 50th percentile of the market data, and put Mr. Mitchell's target TCC between the 25th and 50th percentile of the market data.
- Annual goals continue to comprise 60% of the target incentive (equal to 60% of 80%, which is 48% of base salary).
- Quarterly goals continue to comprise 40% (10% per quarter) of the target incentive (equal to 40% of 80%, which is 32% of base salary). 50% of the quarterly goals represent the achievement of corporate financial objectives and 50% represent the achievement of individual objectives. No payout is made in any given quarter if the corporate financial objective is not met.

A schematic of the plan design for named executive officers, excluding the CEO, is shown below:

LTIP and MICP Annual Component

When determining the level of annual cash-based awards payable under the LTIP (or MICP), performance against each financial measure is weighted equally in determining the amount of any annual award payout, and the annual award payout percentage is the average of the percentage of achievement of each measure, rounded to the nearest whole percentage. For fiscal 2014, the Committee determined that no payout would be made for the annual corporate financial goals unless the minimum non-GAAP operating income threshold was achieved. Provided that the minimum non-GAAP operating income goal was achieved, if attainment of a goal met or exceeded the minimum performance level but fell below the target, a payment would be earned of at least 50% but less than 100% of the target award opportunity for such annual corporate goal, and if attainment of a goal met or exceeded the target performance level but fell below the maximum, a payment would be earned of at least 100% but less than 200% of the target award opportunity for such corporate goal. The maximum payment for any annual award payout would be 200% of the target annual award opportunity.

MICP Quarterly Component

Quarterly targets are set at the beginning of each fiscal quarter. For fiscal 2014, quarterly targets were measured in terms of (1) both revenue and non-GAAP operating income, consistent with quarterly corporate financial guidance; and (2) individual performance objectives specific to each named executive officer (other than the CEO). Individual performance objectives during fiscal 2014 for each of the named executive officers were as follows:

- *Michael E. McDevitt*. Mr. McDevitt's individual objectives encompassed Company financial goals, as well as executing a global entity restructuring and refining and renewing Cree's worldwide risk management and insurance program.
- *Norbert W. G. Hiller*. Mr. Hiller's individual objectives encompassed LED business unit and Lighting business unit financial goals (for the time he was General Manager of each business unit), the launch of new products and implementing a revised production and capacity strategy.
- *Tyrone D. Mitchell, Jr.* Mr. Mitchell's individual objectives encompassed Lighting business unit financial goals (for the time he was General Manager of that business unit), increasing manufacturing productivity and completing a reorganization of the Lighting Sales and Marketing function.

Under the MICP, an executive can only earn a payout for a quarter if the minimum level of the corporate performance goal for that quarter was achieved. If the minimum level of the corporate performance goal was achieved for the quarter, the executive would receive 50% of the target quarterly award opportunity; if the executive also achieved individual performance goals, he could receive up to 100% of the target quarterly award opportunity, with the exact percentage depending on the level of achievement of his individual performance goals.

Performance Goals for Fiscal 2014

Annual Corporate Goals

Minimum, target, and maximum annual goals for fiscal 2014 for each performance measure were pre-set and approved by the Committee in August 2013 based upon a comparison to the actual revenue and non-GAAP operating income actually achieved in fiscal 2013. Minimum revenue and non-GAAP operating income goals for fiscal 2014 were equal to the fiscal 2013 actual results. The fiscal 2014 target revenue and non-GAAP operating income goals were set at 23% and 43%, respectively, above the fiscal 2013 actual results, and the maximum revenue and non-GAAP operating income goals were set at 47% and 72%, respectively, above the fiscal 2013 actual results.

The Committee established the following goals for fiscal 2014:

Performance Goal	Minimum	Target	Maximum
Revenue	\$1.386B	\$1.703B	\$2.044B
Non-GAAP operating income	\$181.2M	\$259.8M	\$311.8M

Results and Actual Payouts for Fiscal 2014

Cree exceeded the \$181.2 million minimum level of non-GAAP operating income required for the LTIP (and MICP) annual payments, achieving non-GAAP operating income of \$227.9 million. Revenue was \$1.648 billion, above the minimum of \$1.386 billion. Consequently, annual payouts were made to the CEO and the other named

[Table of Contents](#)

executive officers under the LTIP. Cree also achieved the financial goals three of the four quarters of fiscal 2014, so quarterly payouts were made for three fiscal quarters to each named executive officer other than the CEO under the MICP. The named executive officers earned the following performance-based incentive cash awards for fiscal 2014:

Executive Officer	Target Award	Actual Award Earned	Actual Award as a Percent of Target	Actual Award as a Percent of Salary
Charles M. Swoboda	\$ 937,500	\$ 796,875	85%	107%
Michael E. McDevitt	\$ 316,000	\$ 227,520	72%	58%
Norbert W. G. Hiller	\$ 304,000	\$ 222,427	73%	59%
Tyrone D. Mitchell, Jr. ¹	\$ 216,650	\$ 155,561	72%	54%

¹ As described above, effective December 2, 2013, Mr. Mitchell no longer served as the Executive Vice President—Lighting. In connection with his new job duties with Cree, his overall target percentage was revised from 80% of base salary to 65% of base salary. The Target Award number above reflects the adjusted amount.

LTIP Equity Awards

Equity awards are granted to the named executive officers under the shareholder-approved LTIP to align their performance with shareholder interests, provide an opportunity for these officers to increase their ownership stake in Cree, and also provide for executive officer retention. The Committee emphasizes the importance of company and shareholder value growth by endeavoring to create compensation packages for the named executive officers with the general goal that approximately 75% or more of such individuals' TDC would be at risk, and would generally only be earned by the executives based on increasing Cree's operating profits, which historically have been highly correlated with an increase in Cree shareholder value. As a result, for fiscal 2014, the Committee approved grants of stock options, RSUs and PSUs as long-term equity compensation.

The Committee generally approves annual equity grants under the LTIP to be made on the first business day of September. The Committee awards equity grants without regard to any scheduled or anticipated release of material information, and does not accelerate or delay equity grants in response to material information or delay the disclosure of information due to plans to make equity grants.

Stock Options

Stock options are viewed as an effective form of equity compensation by the Committee because they only have value to the option holder when the stock price increases above the grant price, thereby resulting in economic value to the executive officers only if economic value is generated for shareholders. Stock options thus serve a vital purpose in aligning the interests of the named executive officers with the interests of Cree's shareholders. Stock options are granted with an exercise price equal to the closing price of Cree's common stock on Nasdaq on the date of the grant. The Committee may not grant options with an exercise price that is less than the fair market value of Cree's common stock on the grant date.

All of the options granted to the named executive officers in fiscal 2014 vest ratably in equal annual increments over the first three years of the seven-year option term. Vesting ceases upon termination of employment and all unvested options are forfeited, and exercise rights cease 90 days thereafter, except in the case of death or disability. Vesting accelerates upon death or termination of employment due to disability, and the options may be exercised for a year after death or termination of employment due to disability unless they expire prior to that event. Prior to the exercise of an option, the holder has no rights as a shareholder with respect to the shares subject to the option, including voting rights and the right to receive dividends or dividend equivalents.

Restricted Stock Units (RSUs)

Restricted stock units (RSUs), which are subject to time-based vesting, also align the interests of the named executive officers with the interests of Cree's shareholders because the value of RSUs fluctuates with Cree's stock price. The primary value of RSUs, however, is that they create a strong incentive for retention, as RSUs have full value to the named executive officers upon vesting.

RSUs granted to the named executive officers in fiscal 2014 vest ratably in equal annual increments over four years from the grant date. Vesting ends upon termination of employment, and all unvested shares of restricted stock are forfeited; however, vesting accelerates upon death or termination of employment due to disability. Under the

[Table of Contents](#)

terms of the named executive officers' change in control agreements, however, vesting of options and restricted stock may also be accelerated in certain circumstances as discussed below.

Performance Stock Units (PSUs)

Performance stock units (PSUs) even further align the interests of the named executive officers with the interests of Cree's shareholders because not only does the value of PSUs fluctuate with Cree's stock price, but the performance criteria must first be met for the PSUs to vest. PSUs have retention incentives similar to RSUs, because PSUs will have full value to the named executive officers if the PSUs vest.

For fiscal 2014, in August 2013 the Committee granted PSUs to the named executive officers that would vest, if at all, if Cree increased non-GAAP operating income for fiscal 2014 by at least 20%, year-over-year, from fiscal 2013, from \$181.2 million for fiscal 2013 to at least \$217.4 million for fiscal 2014. Vesting ends upon termination of employment, and all unvested PSUs are forfeited. Unlike for restricted stock awards, vesting of PSUs does not accelerate upon death or termination of employment due to disability. Under the terms of the named executive officers' change in control agreements, however, vesting of options and restricted stock may also be accelerated in certain circumstances as discussed below, but performance based awards like the PSUs are excluded from such acceleration. Cree's non-GAAP operating income for fiscal 2014 was \$227.9 million, and as a result, the fiscal 2014 PSUs were earned and vested in full in September 2014.

Fiscal 2014 Equity Awards

The Committee approved the following equity grants to named executive officers at the August 2013 meeting. The awards were granted on September 3, 2013, and the stock options have an exercise price of \$54.60:

Executive Officer	Stock Options	Shares of Restricted Stock	Performance Stock Units
Charles M. Swoboda	50,000	50,000	10,000
Michael E. McDevitt	16,000	16,000	6,000
Norbert W. G. Hiller	13,000	13,000	5,000
Tyrone D. Mitchell, Jr.	13,000	13,000	5,000

In granting equity awards, the Committee considered Cree's current and historical financial performance, along with each executive's demonstrated ability to sustain performance over time. The Committee also reviewed annual equity usage and assessed Cree's historical use of shares, as compared to the peer companies. Specifically, the Committee determined that Cree's annual burn rate, net of forfeitures, has averaged 2.6% of average weighted shares outstanding, which the Committee has been advised by independent consultants is near the median rate among peer companies in the semiconductor industry.

Based on these considerations and the TDC analysis prepared by Radford, the Committee determined that the equity grant amounts above were appropriate, because these equity grants awarded to the named executive officers in August 2013, including the PSUs, reflected a target TDC between the 50th and 75th percentiles of the market data (based on the Black-Scholes value of such equity at the time of grant). The Committee believes that the grant sizes at this level reinforce the focus on enhancing shareholder value and position the target TDC within the desired range, while also meeting the goal of having approximately 75% of the named executive officers' TDC at risk.

Equity awards are reflected as compensation for fiscal 2014 in accordance with applicable reporting requirements in the Summary Compensation Table on page 48 under the "Stock Awards" and "Option Awards" columns and in the Grants of Plan-Based Awards table on page 49.

Additional Information

Other Benefits and Perquisites

Consistent with Cree's compensation philosophy, the Committee seeks to limit the perquisites provided to the named executive officers. Generally, the named executive officers are eligible to participate in only those benefit and retirement programs available to other employees, including Cree's 401(k) plan, health and welfare plans, group term life insurance plan and Cree's employee stock purchase program. The named executive officers receive matching contributions under the 401(k) plan consistent with other participating employees. Such matching

[Table of Contents](#)

contributions for named executive officers for fiscal 2014 are included in the Summary Compensation Table on page 48 under the “All Other Compensation” column.

The current named executive officers are eligible to participate in a voluntary executive physical program. This benefit is intended to encourage named executive officers to receive regular comprehensive physical examinations, as their future health and well being are important to Cree’s success. Each participant is encouraged to voluntarily elect a comprehensive physical examination once every two calendar years until age 50 and once per calendar year thereafter at a facility designated by Cree.

Post-Termination Arrangements

Cree has entered into a change in control agreement with each named executive officer that remains in effect so long as the executive is a Section 16 Officer (as defined below). This agreement provides for certain payments to the named executive officer in the event his employment is terminated without cause or he resigns for good reason in connection with a change in control of Cree. Additionally, the Committee has adopted the Severance Plan for Section 16 Officers, or the Severance Plan, which provides for severance benefits in the event an executive officer is terminated without cause or resigns for good reason and is not entitled to compensation under a change in control agreement. The only officers currently eligible to participate in this Severance Plan, and the only officers whose change in control agreements are still in effect, are the CEO, Executive Vice President and CFO, and Executive Vice President-Lighting. The Committee has approved these severance benefits following termination, both in the context of a change in control and in other circumstances, to encourage executive officers to act in Cree’s best interests without regard to potential concerns for loss of income in the event of a disagreement with management or the Board of Directors that leads to termination of employment.

Change in Control Agreements

Cree has entered into a Change in Control Agreement with each named executive officer to promote the stability and continuity of senior management as well as to ensure that the executive remains focused on Cree’s shareholders’ interests, rather than his own, in the context of a change in control transaction. Further, the change in control agreement features a double trigger, which means that payments are not triggered on a change in control unless, in connection with the change in control, the executive either (1) is terminated without cause; or (2) terminates his employment for good reason. Termination is considered to be in connection with a change in control if it occurs within 12 months following a change in control, or, with respect to our CEO, within 24 months following a change in control. See “Potential Payments upon Termination or Change in Control” on page 51 below.

In determining the various circumstances that trigger payment or provision of severance benefits to the named executive officers and the payment and benefit levels associated with each circumstance (other than such payments and benefits that are generally available to all employees), the Compensation Committee reviewed severance benefits data derived from proxy materials filed by our Peer Group. The Compensation Committee utilized this competitive severance benefits data as a check to determine whether each of the proposed severance payments and benefits for the named executive officers was set at an appropriate level for the circumstance that triggers payment or provision of benefits in light of market conditions. The Compensation Committee generally seeks to confirm annually that the level of each severance payment or benefit for the named executive officers is at or slightly above the median level of comparable payments and benefits offered to similarly situated executives in our Peer Group. In approving the provision of severance benefits to the named executive officers and the payment and benefit levels associated with each circumstance, the Compensation Committee was briefed by Radford on the overall competitiveness of the proposed severance payment and benefit levels for the named executive officers in a broader cross-section of the total market.

Severance Plan

The Severance Plan provides severance benefits in the event of termination of employment without cause or resignation for good reason to Cree’s officers who are subject to the reporting requirements of Section 16 of the Securities Exchange Act of 1934, as amended, or Section 16 Officers. All of the current executive officers are therefore eligible to participate in the Severance Plan. The Severance Plan will not apply to a Section 16 Officer, however, if he becomes entitled to the payment of severance benefits upon termination of employment in connection with a change in control pursuant to a separate agreement with Cree, such as the Change in Control Agreements described above.

[Table of Contents](#)

In the event of termination of the CEO's employment without cause or his resignation for good reason, he is entitled to 18 months' continuation of base salary and a lump sum payment equal to 18 months of COBRA premiums. All other Section 16 Officers are entitled to 12 months' continuation of base salary and a lump sum payment equal to 12 months of COBRA premiums. As amended in October 2013, the Severance Plan also provides that the Section 16 Officer will be entitled to receive an amount equal to the total payout at target for one year under the MICP and any performance unit grant in effect as of his termination date (or in the case of the CEO, an amount equal to 1.5 times the annual payout at target under any performance unit in effect as of his termination date), even though he is no longer employed on the date of payment.

The Severance Plan also provides that if the Section 16 Officer becomes generally disabled and his employment is terminated before he becomes eligible for benefits under Cree's long-term disability program or if he elects to resign for good reason because Cree does not restore him to his prior position and level of authority after he returns from long-term disability leave, then he will be entitled to severance benefits under the Severance Plan. Severance benefits under the Severance Plan are subject to applicable tax withholdings and statutorily imposed payment terms and require the Section 16 Officer to sign a release of claims. The CEO is not required to extend his non-compete period as a condition to receipt of benefits under the Severance Plan.

Section 162(m) Treatment Regarding Performance-Based Equity Awards

The Committee reviews and considers the deductibility of executive compensation under Section 162(m), which provides that Cree may not be able to deduct compensation of more than \$1,000,000 that is paid to certain executive officers. Performance-based compensation within the meaning of Section 162(m), including stock and cash incentive compensation under the LTIP, is excluded from this limitation. Cree seeks to structure the performance-based portion of the compensation of the executive officers in a manner that complies with Section 162(m) when Cree considers it to be in Cree's best interests, taking into account all relevant factors. The deductibility of compensation payable to the executive officers, however, is only one among a variety of factors that the Committee may consider in determining appropriate levels or forms of compensation.

Share Ownership Guidelines

The Board of Directors has adopted Corporate Governance Principles for Cree that include share ownership guidelines for members of the Board of Directors and executive officers. Under these guidelines, within five years after election or appointment:

- the CEO is expected to own shares with a value not less than five times his base salary;
- each other executive officer is expected to own shares with a value not less than two times the officer's base salary; and
- each non-employee member of the Board of Directors is expected to own shares with a value not less than five times the sum of the director's retainers for service on the Board and on Board committees.

Presently all directors and executive officers meet these minimum ownership guidelines.

Compensation Committee Report

The Compensation Committee met on August 25, 2014 and reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Represents the aggregate grant date fair value of service-based RSUs, PSUs and stock options granted during the fiscal years shown calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation-Stock Compensation, or ASC Topic 718. The aggregate grant date fair value is the amount we expect to expense in our financial statements over the award's vesting schedule. See Note 10 to our Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended June 29, 2014 for assumptions used in the calculations. There can be no assurance that the ASC Topic 718 grant date fair value amounts will ever be realized. Based on the achievement of the performance metric approved by the Compensation Committee in August 2013, each named executive officer who was still serving as an employee at the end of the performance period received all of the target number of their PSUs on September 3, 2014.

(2) Amounts listed in column (i) represent matching contributions to the 401(k) retirement plan. The Company paid \$66,165 in conjunction with Mr. Mitchell's relocation to Racine, WI. In addition, the Company paid \$64,346 in gross-up payments associated with the relocation. No other named executive officer received perquisites and personal benefits valued, in the aggregate, at \$10,000 or more. Therefore, in accordance with Securities and Exchange Commission disclosure rules, this column does not reflect the value of the perquisites and personal benefits received for fiscal 2012 through 2014.

(3) Mr. McDevitt was appointed to the position of Executive Vice President and CFO effective February 4, 2013, and prior to that served as Vice President and Interim CFO effective May 22, 2012.

(4) Mr. Hiller was appointed to the position of Executive Vice President–Lighting effective December 2, 2013, and prior to that served as Executive Vice President–LEDs effective October 18, 2011.

(5) Mr. Mitchell served as Executive Vice President–Lighting from October 18, 2011 to December 2, 2013.

The following table provides information about stock options, RSUs, PSUs and non-equity incentive plan awards granted to the named executive officers during fiscal 2014. All stock options, RSUs and PSUs were granted under the 2004 LTIP, and the quarterly portion of the non-equity incentive plan awards were granted under the MICP.

(1) Non-equity incentive plan awards represent the threshold, target and maximum amounts of cash incentive compensation payable under the MICP and the performance units granted under the LTIP. The actual amounts earned are disclosed in the “Non-Equity Incentive Plan Compensation” column of the “Summary Compensation Table.” For the executive officers excluding the CEO, threshold payment amounts are comprised solely of the annual component of the target incentive, assume only the attainment of the minimum annual goals and are paid at 50% of the target incentive; there are no quarterly threshold payments because the target goals must be met for any quarterly payments. Target payment amounts are paid at 100% of the target incentive and assume goal attainment of 100% of the target quarterly and annual goals. Maximum payment amounts reflect the quarterly payout cap of 100% of the quarterly component of the target incentive and the annual payout cap of 200% of the annual component of the target incentive, which assumes goal attainment of the maximum annual goals. The CEO, Mr. Swoboda, does not receive incentive payments for achievement of quarterly goals; the threshold, target and maximum payment amounts under Mr. Swoboda’s performance units are respectively 50%, 100%, and 200% of the annual target incentive, identical to the annual components for other executive officers. For additional information regarding the MICP, LTIP and performance units, see “Compensation Discussion and Analysis” above.

(2) The RSUs vest in four annual installments commencing on the first anniversary of the date of grant, provided the recipient continues service as an employee or as a member of the Board of Directors. The PSUs vested on September 3, 2014 upon achievement of the following performance goal: increase in non-GAAP operating income by at least 20% year-over-year based on fiscal year-end 2013 non-GAAP operating income of \$181.2M to at least \$217.4M for fiscal year-end 2014.

(3) The nonqualified stock options vest in three annual installments commencing on the first anniversary of the date of grant, provided the recipient continues service as an employee or as a member of the Board of Directors. All option grants have a maximum term of seven years.

Potential Payments upon Termination or Change in Control

We have various arrangements that provide the named executive officers with specified benefits if their employment is terminated under certain circumstances, as described below. In addition, these named executive officers participate in various benefit plans that may provide them with acceleration of equity awards or payments under certain circumstances, as described below. We also had an arrangement with Mr. Mitchell that provided him with specified benefits in connection with certain terminations of employment or a change in control. In December 2013, Mr. Mitchell ceased to be an executive subject to the reporting requirements of Section 16 of the Exchange Act, and therefore is no longer covered by such agreements pursuant to their terms.

Change in Control Agreements

Payments to Mr. Swoboda Made Upon Termination Without Cause or Resignation for Good Reason in Connection with a Change in Control

If Mr. Swoboda's employment is terminated by us without cause, but not as a result of his death or long-term disability, or by Mr. Swoboda for good reason, and the termination is in connection with a change in control, then he will receive (1) continued payment of his base salary for 24 months following termination; (2) a lump sum payment equal to two times his target annual incentive award for the fiscal year in which the termination occurs and a lump sum payment equal to his target annual incentive award for the fiscal year in which the termination occurs, prorated to the date of termination; (3) a lump sum payment equal to 24 multiplied by the monthly COBRA premium in effect for the type of medical, dental and vision coverage then in effect for Mr. Swoboda; and (4) full accelerated vesting with respect to Mr. Swoboda's then outstanding, unvested stock options, time-vested restricted stock and other equity awards that vest solely based on the passage of time. In addition, if any payment or benefit

[Table of Contents](#)

Mr. Swoboda receives from us or any person whose actions result in a change in control would be considered a parachute payment under Section 280G of the Code and the aggregate present value of the parachute payment reduced by any excise tax imposed would be less than three times Mr. Swoboda's "base amount" as defined in Section 280G of the Code, then in lieu of that portion of the payments to which Mr. Swoboda would otherwise be entitled under (1) through (3) above, Mr. Swoboda will receive a total amount (if any) such that the aggregate present value of the payments is equal to 2.99 times such base amount. This amount will be apportioned and substituted for the amounts that otherwise would have been payable under (1) through (3) and paid on the same schedule as those amounts.

If Mr. Swoboda is generally disabled and we terminate his employment without cause in connection with a change in control prior to the date he is determined to have a long-term disability, then Mr. Swoboda will receive (1) continued payment of his base salary for 24 months; (2) a lump sum payment of an amount equal to two times his target annual incentive award for the fiscal year in which the termination occurs and a lump sum payment equal to his target annual incentive award for the fiscal year in which the termination occurs, prorated to the date of termination; and (3) a lump sum payment equal to 24 multiplied by the monthly COBRA premium in effect for the type of medical, dental and vision coverage then in effect for Mr. Swoboda. If Mr. Swoboda ceases to be generally disabled before his employment is terminated due to a long-term disability, then he will have the right to resign for good reason (if in connection with a change in control) on account of any event or circumstances that occurred while he was generally disabled that would otherwise have constituted good reason (if not cured or consented to by Mr. Swoboda) and will receive these same benefits.

Mr. Swoboda's severance benefits under his change in control agreement are subject to the following conditions: (1) signing and not revoking a release of claims; (2) nondisparagement of our company and our officers and directors for a period of 24 months after termination; and (3) compliance with the confidentiality and noncompete restrictions contained in his confidential information agreement, as amended by the change in control agreement, for two years following termination.

Payments to Messrs. McDevitt and Hiller Made Upon Termination Without Cause or Resignation for Good Reason in Connection with a Change in Control

The term of our change in control agreements with Messrs. McDevitt and Hiller continues so long as the executive is employed by the Company and designated by the Company, at its discretion and consistent with applicable law, as subject to the reporting requirements of Section 16 of the Exchange Act. If, during the term of the executive's change in control agreement, the executive's employment is terminated by us without cause but not as a result of his death or long-term disability, or by the executive for good reason, and the termination is in connection with a change in control, then he will receive (1) continued payment of his base salary for 12 months following termination; (2) a lump sum payment equal to his total target annual incentive award (consisting of both the individual performance component and the corporate performance component) for the fiscal year in which the termination occurs and a lump sum payment equal to his target annual incentive award (consisting of both the individual performance component and the corporate performance component) for the fiscal year in which the termination occurs, prorated to the date of termination; (3) a lump sum payment equal to 12 multiplied by the monthly COBRA premium in effect for the type of medical, dental and vision coverage then in effect for the executive; and (4) full accelerated vesting with respect to the executive's then outstanding, unvested stock options, time-vested restricted stock and other equity awards that vest solely based on the passage of time. Our change in control agreements with Messrs. McDevitt and Hiller contain 280G parachute payment provisions consistent with those contained in our change in control agreement with Mr. Swoboda.

If Messrs. McDevitt or Hiller is generally disabled during the term of his change in control agreement and we terminate his employment without cause in connection with a change in control prior to the date he is determined to have a long-term disability, then the executive will receive (1) continued payment of his base salary for 12 months; (2) a lump sum payment equal to his total target annual incentive award (consisting of both the individual performance component and the corporate performance component) for the fiscal year in which the termination occurs and a lump sum payment equal to his total target annual incentive award (consisting of both the individual performance component and the corporate performance component) for the fiscal year in which the termination occurs, prorated to the date of termination; and (3) a lump sum payment equal to 12 multiplied by the monthly COBRA premium in effect for the type of medical, dental and vision coverage then in effect for the executive. If the executive ceases to be generally disabled before his employment is terminated due to a long-term disability, then he will have the right to resign for good reason (if in connection with a change in control) on account of any event or

[Table of Contents](#)

circumstances that occurred while he was generally disabled that would otherwise have constituted good reason (if not cured or consented to by the executive) and will receive these same benefits.

The severance benefits under our change in control agreements with Messrs. McDevitt and Hiller are subject to the following conditions: (1) signing and not revoking a release of claims; (2) nondisparagement of our company and our officers and directors for a period of 12 months after termination; and (3) compliance with the confidentiality and noncompete restrictions contained in his confidential information agreement for a period of 12 months after termination.

Definitions

The terms “cause,” “good reason,” “change in control” and “in connection with a change in control” are defined in our change in control agreements as follows:

“Cause” means:

- the executive’s willful and continued failure to perform the duties and responsibilities of his position that is not corrected after one written warning detailing the concerns and offering him a reasonable period of time to cure;
- any material and willful violation of any federal or state law by the executive in connection with his responsibilities as an employee of the Company;
- any act of personal dishonesty taken by the executive in connection with his responsibilities as an employee of our company with the intention or reasonable expectation that such may result in his personal enrichment;
- the executive’s conviction of, or plea of *nolo contendere* to, or grant of prayer of judgment continued with respect to, a felony that the Board of Directors reasonably believes has had or will have a material detrimental effect on our reputation or business; or
- the executive materially breaching his confidential information agreement (in the case of Mr. Swoboda, as modified by the change in control agreement), which breach is (if capable of cure) not cured within 30 days after we deliver written notice to him of the breach.

“Good reason” generally means (except with respect to the executive being generally disabled as described above) the occurrence of any of the following without the executive’s consent, and not due to cause, within the timeframes specified in the definition of “in connection with a change in control” below, subject to certain notice and cure provisions:

- a material reduction in the executive’s authority, duties or responsibilities;
- a reduction in the executive’s base salary, other than a one-time reduction that also is applied to substantially all of our other executive officers, provided that his reduction is substantially proportionate to the reduction applied to substantially all other executive officers; our requiring the executive to report to anyone other than the CEO (or any acting Chief Executive Officer in the event of the CEO’s absence), the Board of Directors, or a Committee of the Board of Directors, or, with respect to Mr. Swoboda, requiring Mr. Swoboda to report to anyone other than the Board of Directors; or
- our requiring the executive to relocate his principal place of business or our relocating our headquarters, in either case to a facility or location outside of a 35-mile radius from his current principal place of employment (or such longer distance that is the minimum permissible distance under the circumstances for purposes of the involuntary separation from service standards under the Treasury Regulations or other guidance under Section 409A of the Code).

“Change in control” generally means any of the following events:

- any person or group of persons becomes the beneficial owner of 50% or more of our outstanding common stock or the combined voting power of our securities entitled to vote generally in the election of directors;
- a sale or other disposition of all or substantially all of our assets;
- shareholder approval of a definitive agreement or plan to liquidate our company; or

[Table of Contents](#)

- a merger or consolidation of our company with and into another entity, unless immediately following such transaction (1) more than 50% of the members of the governing body of the surviving entity were incumbent directors at the time of execution of the initial agreement providing for such transaction; (2) no person or group of persons is the beneficial owner, directly or indirectly, of 50% or more of the equity interests of the surviving entity or the combined voting power of the equity interests of the surviving entity entitled to vote generally in the election of members of its governing body; and (3) more than 50% of the equity interests of the surviving entity and the combined voting power of the equity interests of the surviving entity entitled to vote generally in the election of members of its governing body is beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners of the shares of common stock immediately prior to such transaction in substantially the same proportions as their ownership immediately prior to such transaction.

“In connection with a change in control” means either:

- within the period of time between the commencement of a tender offer or our entry into a written agreement with another party that contemplates a transaction, the consummation of either of which would result in a change in control and the occurrence of either the resulting change in control or the termination or expiration of the tender offer or the written agreement without the occurrence of a change in control; or
- within 12 months following a change in control, or, with respect to Mr. Swoboda, within 24 months following a change in control.

Severance Plan

Eligibility

The Severance Plan provides severance benefits, in the event of termination of employment without cause or resignation for good reason, to the Section 16 Officers. All of our named executive officers are eligible to participate in the Severance Plan. The Severance Plan will not apply to a Section 16 Officer, however, if he or she becomes entitled to the payment of severance benefits upon termination of employment in connection with a change in control pursuant to a separate agreement with us (currently the case, as is described above).

Payments Made Upon Termination Without Cause or Resignation for Good Reason

If a Section 16 Officer’s employment is terminated by us without cause or by the Section 16 Officer for good reason, except in the event of termination of the Section 16 Officer’s employment due to death or long-term disability or in the event such termination of employment is in connection with a change in control and the Officer is entitled to the payment of severance benefits pursuant to a separate agreement with us, then the Officer will receive (1) continued payment of the Officer’s base salary for 12 months (18 months in the CEO’s case); (2) an amount equal to the total payout at target for one year under the MICP and any performance unit grant in effect as of the Officer’s termination date (or, in the case of the CEO, an amount equal to 1.5 times the annual payout at target under any performance unit grant in effect as of his termination date); and (3) a lump sum payment equal to 12 (18 in the CEO’s case) multiplied by the monthly COBRA premium applicable to the type of medical, dental and vision coverage then in effect for the Officer.

Conditions to Payments

As a condition to the receipt of severance benefits under the Severance Plan, a Section 16 Officer must execute and comply with a release agreement that includes a release of claims against us and our affiliates and representatives and a non-disparagement provision.

Definitions

The terms “cause” and “good reason” are defined as follows:

“Cause” means:

[Table of Contents](#)

- the executive's willful and continued failure to perform the duties and responsibilities of his position that is not corrected after one written warning detailing the concerns and offering him a reasonable period of time to cure;
- any material and willful violation of any federal or state law by the executive in connection with his responsibilities as an employee of the Company;
- any act of personal dishonesty taken by the executive in connection with his responsibilities as an employee of the Company with the intention or reasonable expectation that such may result in his personal enrichment;
- the executive's conviction of, or plea of *nolo contendere* to, or grant of prayer of judgment continued with respect to, a felony that the Board of Directors reasonably believes has had or will have a material detrimental effect on the Company's reputation or business; or
- the executive materially breaching his confidential information agreement, which breach is (if capable of cure) not cured within 30 days after the Company deliver written notice to him of the breach.

"Good reason" generally means (except with respect to the executive's being generally disabled as described above) the occurrence of any of the following without the executive's consent and not due to cause, subject to certain notice and cure provisions:

- a material reduction in the executive's authority, duties or responsibilities;
- a material reduction in the executive's base salary other than a one-time reduction that also is applied to substantially all of the other executive officers, provided that this reduction is substantially proportionate to the reduction applied to substantially all other executive officers;
- the Company's requiring the executive to report to anyone other than the CEO, the Board of Directors or a Committee of the Board; or
- the Company's requiring the executive to relocate his principal place of business or the Company's relocating its headquarters, in either case to a facility or location outside of a 35-mile radius from his current principal place of employment.

LTIPs

The 2004 LTIP and the LTIP (collectively, the "LTIPs") provide for potential acceleration of equity awards in the event of a proposed sale of all or substantially all of our assets or stock, the merger of our company with or into another corporation such that our shareholders immediately prior to the merger exchange their shares of stock for cash and/or shares of another entity or any other corporate transaction to which the Compensation Committee deems appropriate. Upon such an event, if the successor corporation does not agree to assume the outstanding equity awards or to substitute equivalent awards, the Compensation Committee has discretion to provide for the participants in the LTIPs to have the right to exercise, for a period of 15 days, their stock options or other awards as to all shares, including shares as to which the options or other awards would not otherwise be exercisable (or with respect to restricted stock or stock units, provide that all restrictions will lapse). The stock options or other awards will terminate upon the expiration of the 15-day period to the extent not exercised.

The award agreements under the LTIPs provide for accelerated vesting of nonqualified stock options and restricted stock in the event of a participant's death or termination due to a long-term disability.

Under the terms of Messrs. Swoboda's performance units granted under the LTIPs, if Mr. Swoboda's employment is terminated due to death or long-term disability before the payment date of the performance units, he will be entitled to receive an adjusted payment under the performance units as if he had remained employed through the end of the performance period. In the event there is a change in control (as "change in control" is defined in Mr. Swoboda's change in control agreement described above), the performance measurement for the plan year will be at least 100%. Mr. Swoboda would not be entitled to payment under the performance units, however, if there is a change in control and his employment terminates prior to the end of the fiscal year. If Mr. Swoboda's employment is terminated in connection with a change in control (as defined in his change in control agreement described above) upon or after the end of the performance period but prior to the payment date under his performance units, he will be entitled to payment under his performance units as if he had remained employed through the payment date.

MICP

The MICP generally provides that eligible participants must be employed by us on the last day of the award period in order to be eligible for awards for such award period, except in the case of retirement, death or termination due to a long-term disability or in connection with a change in control. Upon a participant's retirement, death or termination due to a long-term disability, the MICP provides that a participant is entitled to receive an adjusted award for any award period in which he or she was employed by us as if the participant were employed on the last day of the award period. In the event there was a change in control during the period, each participant's performance measurement against individual goals for any quarterly award period ending after the effective date of the change in control would be 100% and the corporate performance measurement for such quarterly award period would be deemed met, and the corporate performance measurement for the plan year would be at least 100%, regardless of whether the participant had remained employed through the end of the award period. If there had been a change in control and a participant's employment terminated for any reason (other than retirement, death or long-term disability) subsequent to the change in control but prior to the payment date for an award period, the participant would have been entitled to receive an award for all award periods for the plan year as if the participant was employed on the last day of the award period.

Amounts of Potential Payments upon Termination or Change in Control

The following table provides information concerning the estimated payments and benefits that would be provided to each of the named executive officers in the event of a termination of employment or change in control, or both. Mr. Mitchell is no longer covered by the Severance Plan or a change in control agreement, and is therefore not included in the table below.

Payments and benefits are estimated using the following assumptions: (1) the triggering event took place on June 27, 2014, the last business day of fiscal 2014, or the Trigger Date; (2) the price per share of our common stock on the Trigger Date was \$48.48, which represents the closing price of our common stock as reported by Nasdaq on such date; and (3) all amounts are based on compensation and benefit agreements, plans and arrangements in effect on the Trigger Date notwithstanding subsequent changes in such amounts for fiscal 2015. There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or if the actual results differ from the assumptions described herein.

- (1) Based on actual results for performance period using 85% performance measurement prorated to the Trigger Date for the annual incentive portion. Assumes no prior leave of absence in the case of death. In the case of termination due to long-term disability, assuming 180 days prior leave of absence, payment would have been \$398,438 for Mr. Swoboda, \$80,580 for Mr. McDevitt and \$77,520 for Mr. Hiller. Actual amount will vary based on performance measurement and the duration of any leave of absence prior to death or termination due to long-term disability.
- (2) Vesting is automatically accelerated for nonqualified stock options and restricted stock in the event of death or termination of employment due to long-term disability per terms of the award agreements under the 2004 LTIP, which terms apply equally to all participants.
- (3) Mr. Swoboda's performance units provide that the performance measurement for determining his annual incentive award will be no less than 100% if a change in control occurs during the performance period. The amount in the table represents the additional amount Mr. Swoboda would have received as a result of this provision and excludes any amount he would otherwise be entitled to receive based on actual performance results.
- (4) No accelerated vesting will occur for options and other awards under the 2004 LTIP in connection with a change in control not involving termination of employment unless the outstanding awards are not assumed by the successor in connection with a change in control, and the Compensation Committee, in its discretion, accelerates vesting of the outstanding but unvested options and awards. If the options and awards were not assumed by the successor and the Compensation Committee exercised its discretion to the fullest extent possible and determined that 100% of the outstanding awards should be vested, the named executive officers would have received the following additional amounts: Mr. Swoboda, \$8,467,680; Mr. McDevitt, \$1,886,774; and Mr. Hiller, \$2,420,156.
- (5) The triggering event, along with resulting benefits, is defined in the Severance Plan.
- (6) The amount in the table represents one and a half times target annual incentive award for Mr. Swoboda and the annual target award for Messrs. McDevitt and Hiller.
- (7) The triggering event, along with resulting benefits, is defined in the change in control agreement. If the executive was generally disabled and we terminated his employment without cause in connection with a change in control prior to the date he was determined to have a long-term disability, or if he ceased to be generally disabled before his employment was terminated due to a long-term disability and he resigned for good reason (in connection with a change in control) on account of any event or circumstances that occurred while he was generally disabled (if not cured or consented to by the executive), then pursuant to the change in control agreement the executive would not be entitled to vesting acceleration.
- (8) Represents two times Mr. Swoboda's target annual incentive award for the fiscal year in which termination occurs, plus the amount of his target annual incentive award for the fiscal year in which termination occurs, prorated to the Trigger Date.
- (9) Amount in table is based on actual results for performance period and is payable in the case of death only. In the case of termination due to long-term disability (assuming at least 91 days prior leave of absence), no payment would be due.
- (10) The MICP provides that, if a change in control occurs, a participant's performance measurement for all quarterly award periods that end after the effective date of the change in control will be 100%, or such performance measurement as determined in accordance with the plan, regardless of whether the participant is employed on the last day of the award period (which would be required if the change in control had not occurred). Messrs. McDevitt's and Hiller's performance units provide that the performance measurement for determining their annual incentive awards will be no less than 100% if a change in control occurs during the performance period. The amount in the table represents the additional amount Messrs. McDevitt and Hiller would have received as a result of this provision and excludes any amount they would otherwise be entitled to receive based on actual performance results.
- (11) Includes a lump sum payment equal to the Executive's target annual incentive award for the fiscal year in which the Termination Date occurs plus an amount equal to the Executive's target annual incentive award for the fiscal year in which the Termination Date occurs prorated to the Trigger Date.

Summary of Director Compensation Program

Non-employee directors are compensated for Board of Directors service through a combination of a cash retainer and grants of RSUs and nonqualified stock options to purchase shares of our common stock. We also reimburse directors for expenses incurred in serving as a director. Directors who are also employed by us are not separately compensated for their service on the Board of Directors.

Every September, we grant each non-employee director nominated for re-election an option to purchase 4,000 shares of common stock and an RSU for 4,000 shares, each vesting on the first anniversary of the date of grant. Commencing fiscal 2014, non-employee directors appointed to fill a vacancy between annual meetings of shareholders are granted an option to purchase 4,000 shares of common stock and a restricted stock unit for 4,000 shares, each vesting in three equal annual installments on the anniversary of the date of grant. The exercise price of all option grants is equal to the fair market value on the grant date and the maximum term of the option is seven years. Vesting of all equity awards is subject to continued service.

In fiscal 2014, non-employee directors were paid the following quarterly cash retainers: \$8,750 for service as a member of the Board; \$1,250 for service as Lead Independent Director; \$5,000 for service as Audit Committee Chair; \$2,500 for service as Compensation Committee Chair; \$1,250 for service as Governance and Nominations Committee Chair; \$5,000 for service as a member of the Audit Committee; \$2,500 for service as a member of the Compensation Committee; and \$1,250 for service as a member of the Governance and Nominations Committee. Committee Chairs receive the retainer for service as Chair in addition to the retainer for committee membership. Non-employee directors may also receive meeting fees of \$1,000 for service as a committee member or \$2,000 for service as committee chair of any additional committee of the Board of Directors that may be formed in the future.

Non-employee directors may elect to participate in the Deferral Program. Under this plan, a participant will receive shares of our common stock in lieu of all or a portion of the quarterly retainer and any meeting fees earned. The number of shares will be determined quarterly by dividing the applicable fees by the fair market value of a share, with fair market value for this purpose defined as the consolidated closing bid price on Nasdaq on the first business day following announcement of financial results for the previous fiscal quarter. A participant in the plan may also choose to defer receipt of the shares until after his or her separation from service as a director. A participant who elects to defer receipt of shares may choose either a lump sum distribution, to be made in any of the first five years after the year of separation from service as a director, or a series of up to five installment distributions ending not later than the fifth year after separation from service. In the event of the death of a participant, either while serving as a director or after separation of service, any deferred distributions will be made within ninety days after the date of death.

Compensation Committee Interlocks and Insider Participation

Messrs. Werner, Ingram, Tillman and Ms. Whitaker served on our Compensation Committee during fiscal 2014. None of these individuals has ever served as an officer or employee of our Company or any of our subsidiaries, nor were they involved in any related person transaction during fiscal 2014. No interlocking relationships existed during fiscal 2014 between our Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company.

PROPOSAL NO. 3—RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed PricewaterhouseCoopers LLP to audit the consolidated financial statements of the Company for fiscal 2015. PricewaterhouseCoopers LLP was first engaged as our independent auditors for fiscal 2014 and, prior to such time, Ernst & Young LLP served as our independent auditors. A representative from PricewaterhouseCoopers LLP is expected to be present at the 2014 Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions. The Company does not expect that a representative of Ernst & Young LLP will be present at the 2014 Annual Meeting.

Although shareholder ratification of the appointment is not required by law or the Company's Bylaws, the Audit Committee has determined that, as a matter of corporate governance, the selection of independent auditors should be submitted to the shareholders for ratification. If the appointment of PricewaterhouseCoopers LLP is not ratified by a majority of the votes cast at the 2014 Annual Meeting, the Audit Committee will consider the appointment of other independent auditors for subsequent fiscal years. Even if the appointment is ratified, the Audit Committee may change the appointment at any time during the year if it determines that the change would be in the Company's best interest and the best interests of the shareholders.

**The Board of Directors recommends
shareholders vote FOR Proposal No. 3.**

Report of the Audit Committee

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process and audits of the Company's financial statements, including its internal controls over financial reporting. The full responsibilities of the Audit Committee are described in a written charter adopted by the Board of Directors, a copy of which is posted on the Company's website at www.cree.com. The management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles, as well as expressing opinions on the effectiveness of the Company's internal controls.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements, management's assessment and report on the effectiveness of the Company's internal controls, the independent auditors' attestation report on the Company's internal controls and the processes that support certifications of the Company's financial statements by the Company's CEO and CFO. The Audit Committee has also discussed with the independent auditors the matters required by Public Company Accounting Oversight Board Auditing Standard No. 16, Communications with Audit Committees. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee in carrying out their duties are not engaged in the practice of accounting and do not act as auditors. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

The Audit Committee routinely meets privately with the Company's internal auditor and the independent auditors.

Based upon the review and discussions described in this report and, subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 29, 2014 for filing with the Securities and Exchange Commission.

THE AUDIT COMMITTEE

Changes in Independent Auditor

The Audit Committee of the Company conducted a comprehensive, competitive process to determine the Company's independent auditor for the Company's fiscal year ending June 29, 2014. The Audit Committee invited national accounting firms to participate in this process, including Ernst & Young LLP, the Company's then independent auditor. As a result of this process, on November 25, 2013, the Audit Committee approved the engagement of PricewaterhouseCoopers LLP as the Company's independent auditor, subject to completion of its standard client acceptance procedures and execution of an engagement letter. This action effectively dismissed Ernst & Young LLP as the Company's principal independent auditor as of November 25, 2013.

The audit reports of Ernst & Young LLP on the Company's financial statements as of and for the fiscal years ended June 30, 2013 and June 24, 2012 did not contain any adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles.

The audit reports of Ernst & Young LLP on the effectiveness of internal control over financial reporting as of June 30, 2013 and June 24, 2012 did not contain any adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the fiscal years ended June 30, 2013 and June 24, 2012, and the subsequent interim period through November 25, 2013: (1) the Company had no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused Ernst & Young LLP to make reference to the subject matter of the disagreement in connection with its reports; and (2) there have been no "reportable events" (as defined in Regulation S-K Item 304(a)(1)(v)).

During the fiscal years ended June 30, 2013 and June 24, 2012, and the subsequent interim period through November 25, 2013, the Company did not consult with PricewaterhouseCoopers LLP regarding: (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements; or (2) any matter that was the subject of a disagreement (as defined in Regulation S-K Item 304(a)(1)(iv) and the related instructions to such item) or a reportable event as described in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Ernst & Young LLP with a copy of the disclosures above made in a Current Report on Form 8-K prior to its filing with the Securities and Exchange Commission and requested that Ernst & Young LLP furnish to the Company a letter addressed to the Securities and Exchange Commission stating whether or not Ernst & Young LLP agrees with the above statements and, if not, stating the respects in which it does not agree. Ernst & Young LLP has provided the Company with a letter to the Securities and Exchange Commission, which is filed as Exhibit 16.1 to the Form 8-K filed with the Securities and Exchange Commission on December 2, 2013.

**PROPOSAL NO. 4—ADVISORY (NONBINDING) VOTE
TO APPROVE EXECUTIVE COMPENSATION**

As discussed in the Compensation Discussion and Analysis section of this proxy statement, the Company's executive compensation program is designed to enhance shareholder value by providing compensation packages that enable the Company to attract and retain talented executives, align the interests of the Company's executives with the long-term interests of shareholders and motivate executives to achieve the Company's business goals and objectives. We believe that our compensation policies and procedures reward executive officers for both their performance and the Company's performance and that such compensation policies and procedures create incentives for the Company's executive officers that are strongly aligned with the long-term interests of shareholders.

As required by Section 14A of the Exchange Act, we are providing shareholders with an advisory (nonbinding) vote to approve the compensation of the Company's named executive officers as described in this proxy statement. This proposal, commonly known as a "Say-on-Pay" proposal, is designed to give you as a shareholder the opportunity to endorse or not endorse the Company's executive compensation program through the following resolution:

"Resolved, that the shareholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed in the Company's proxy statement for the 2014 annual meeting of shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure."

When you cast your vote, we urge you to consider the description of the Company's executive compensation program contained in the Compensation Discussion and Analysis section of this proxy statement and the accompanying tables and narrative disclosure, as well as the following factors:

- Aggressive financial targets for performance-based cash incentive compensation. The Committee established challenging annual financial targets for the fiscal 2014 performance-based cash incentive programs that applied to all of Cree's named executive officers, and the CEO similarly established challenging quarterly financial and individual targets under the MICP in which all of the named executive officers other than the CEO participate. Cree achieved some of its annual financial targets, and therefore the CEO and the other named executive officers received a portion of the targeted annual cash incentive compensation under the LTIP. Cree also achieved its quarterly financial targets for three of the four fiscal quarters, and therefore the named executive officers who participate in the MICP (all named executive officers other than the CEO) received quarterly cash incentive compensation for those three quarters.
- Proportion of performance-based pay. Over 85% of the CEO's target total direct compensation (as defined below) for fiscal 2014 was comprised of variable performance-based pay in the form of short-term cash incentives and long-term equity awards. On average, over 76% of the other named executive officers' target total direct compensation for fiscal 2014 was comprised of these components.

Because your vote is advisory, it will not be binding upon the Board of Directors, will not overrule any decision by the Board of Directors and will not create or imply any additional fiduciary duties on the Board of Directors or any member thereof. The Compensation Committee will, however, take into account the outcome of the vote when considering future executive compensation arrangements.

**The Board of Directors recommends
shareholders vote FOR Proposal No. 4.**

OTHER MATTERS

Other Business

Other than the election of the nine directors listed in this proxy statement, approval of the amendment to the LTIP, ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending June 28, 2015 and the advisory (nonbinding) vote to approve executive compensation, as described in this proxy statement, the Board of Directors presently knows of no other business to be conducted at the 2014 Annual Meeting of Shareholders. Under the Company's Bylaws, any shareholder desiring to present a proposal for consideration at the meeting, including any director nomination, was required to give the Company written notice of the proposal in accordance with the Bylaws by July 31, 2014. No timely notices meeting the Bylaw requirements have been received. Should any other business properly come before the meeting, the persons named in the accompanying form of proxy may vote the shares represented by the proxy in their discretion, except that under the rules of the Securities and Exchange Commission the accompanying proxy cannot be voted for more than nine nominees.

2015 Annual Meeting of Shareholders

Pursuant to the rules of the Securities and Exchange Commission, shareholder proposals submitted for inclusion in the Company's proxy statement and form of proxy for the annual meeting to be held in 2015 must be received by the Company not later than May 18, 2015, and must comply with the Commission's rules in other respects.

Other shareholder proposals to be presented at the annual meeting in 2015, including director nominations, must comply with the notice requirements of the Company's Bylaws and be delivered to the Company not later than July 30, 2015, nor earlier than June 30, 2015. Any such proposals should be sent via means that afford proof of delivery to the Secretary at the Company's principal executive offices.

Procedures for Director Nominations

Under the charter of the Governance and Nominations Committee, the Committee is responsible for identifying from a wide field of candidates, including women and minority candidates, and recommending that the Board of Directors select qualified candidates for membership on the Board of Directors. In identifying candidates, the Committee takes into account such factors as it considers appropriate, which may include the factors listed on page 6. The Committee is also authorized to develop additional policies regarding Board size, composition and member qualification. The Governance and Nominations Committee annually reviews its charter and recommends changes to the Board of Directors for approval.

The Governance and Nominations Committee is responsible for evaluating suggestions concerning possible candidates for election to the Board of Directors submitted to the Company, including those submitted by Board members (including self-nominations) and shareholders. All candidates, including those submitted by shareholders, will be evaluated by the Committee on the same basis as other candidates using the Board of Directors membership criteria described above and in accordance with applicable procedures. The Governance and Nominations Committee annually considers the size, composition and needs of the Board of Directors in light of the criteria listed on page 6, and accordingly considers and recommends candidates for membership on the Board of Directors based on these criteria. Once candidates have been identified, the Committee will determine whether such candidates meet the minimum qualifications for director nominees.

Any shareholder desiring to present a nomination for consideration by the Governance and Nominations Committee prior to the 2015 Annual Meeting must do so in accordance with the Company's Bylaws. See "2015 Annual Meeting of Shareholders" above.

Shareholder Communications with Directors

The Board of Directors, as a matter of policy, desires to facilitate communications between shareholders and directors to assist the Board of Directors in fulfilling its responsibilities to all shareholders. To that end the Board of Directors has established a process for use by shareholders who desire to bring matters to the Board's attention. The process is intended to provide shareholders one means of communicating with directors and is not intended to be exclusive.

[Table of Contents](#)

Any shareholder who desires to send a communication to members of the Board of Directors may submit it either by e-mail addressed to Corporate_Secretary@Cree.com or by mail addressed to the attention of the Corporate Secretary at Cree, Inc., 4600 Silicon Drive, Durham, North Carolina 27703. All such communications should include the number of shares beneficially owned by the person submitting the communication and his or her mailing address, telephone number and e-mail address, if any. All communications properly submitted under these procedures, except those deemed inappropriate as noted below, will be delivered to all members of the Board of Directors periodically, generally in advance of each regularly scheduled Board of Directors meeting. The Board of Directors has directed that the Secretary not forward communications which (1) are not reasonably related to the business of the Company; (2) concern individual grievances or other interests that are personal to the shareholder submitting the communication and that cannot reasonably be construed to present a matter of concern to shareholders generally; or (3) under community standards, contain offensive, scurrilous or abusive content or that advocate engaging in illegal activities. If the Secretary, in his or her judgment, deems a communication inappropriate under the foregoing criteria, it will be returned to the person who submitted it together with a brief explanation of the reason why it has been deemed inappropriate for delivery.

Costs of Soliciting Proxies

The Company will bear the cost of this solicitation, including the preparation, printing and mailing of the proxy statement, proxy card and any additional soliciting materials sent by the Company to shareholders. The Company's directors, officers and employees may solicit proxies personally or by telephone without additional compensation. The Company has engaged The Proxy Advisory Group, LLC to assist in the solicitation of proxies and to provide related advice and informational support for a fee of \$10,000 plus an allowance for the reimbursement of customary disbursements. The Company will also reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred in forwarding proxy soliciting materials to the beneficial owners.

Availability of Report on Form 10-K

Shareholders Sharing the Same Last Name and Address

Only one Notice or Annual Report and proxy statement, as applicable, may be delivered to multiple shareholders sharing an address unless the Company has received contrary instructions from one or more of the shareholders. APPENDIX C

1.1 *Establishment of Plan.* Cree, Inc., a North Carolina corporation (the “Company”), hereby establishes an incentive compensation plan to be known as the “Cree, Inc. 2013 Long-Term Incentive Compensation Plan” (the “Plan”), as set forth in this document.

1.2 *Purpose of Plan.* The objectives of the Plan are to (i) attract and retain employees and directors of the Company and its affiliates by providing competitive compensation opportunities; (ii) provide incentives to those individuals who contribute significantly to the long-term performance and growth of the Company and its affiliates; and (iii) align the long-term financial interests of employees and directors with those of the Company’s shareholders.

1.3 *Types of Awards.* Awards under the Plan may be made to Eligible Participants who are employees in the form of (i) Incentive Stock Options, (ii) Nonqualified Stock Options, (iii) Stock Appreciation Rights, (iv) Restricted Stock, (v) Restricted Stock Units, (vi) Performance Shares, (vii) Performance Units, (viii) Other Awards, or any combination of these.

1.4 *Effective Date.* The Plan will become effective on the date on which the Company’s shareholders approve the Plan (the “Effective Date”).

1.5 *Predecessor Plan.* Upon approval of the Plan by the shareholders of the Company, no further grants may be made under the Cree, Inc. 2004 Long-Term Incentive Compensation Plan (the “Predecessor Plan”) after December 31, 2013.

ARTICLE 2—DEFINITIONS

Except where the context otherwise indicates, the following definitions apply:

2.1 “Act” means the Securities Exchange Act of 1934, as now in effect or as hereafter amended. All citations to sections of the Act or rules thereunder are to such sections or rules as they may from time to time be amended or renumbered.

2.2 “Award” means an award granted to a Participant under the Plan that is an Option, Stock Appreciation Right, Restricted Stock, Restricted Stock Unit, Performance Share, Performance Unit, Other Award, or combination of thereof.

2.3 “Award Agreement” means the written agreement evidencing an Award granted under the Plan. As determined by the Committee, each Award Agreement shall consist of either (i) a written agreement in a form approved by the Committee and executed on behalf of the Company by an officer duly authorized to act on its behalf, or (ii) an electronic notice of Award grant in a form approved by the Committee and recorded by the Company (or its designee) in an electronic recordkeeping system used for the purpose of tracking Award grants under the Plan, and if required by the Committee, executed or otherwise electronically accepted by the recipient of the Award in such form and manner as the Committee may require. The Committee may authorize any officer of the Company (other than the particular Award recipient) to execute any or all Award Agreements on behalf the Company.

2.4 “Award Pool” shall have the meaning set forth in Section 4.1.

2.5 “Board” means the Board of Directors of the Company.

2.6 “Cause” means, unless provided otherwise in the Award Agreement or the Plan: (i) “Cause” as defined in an Individual Agreement to which a Participant is a party that is then in effect, or (ii) if there is no such Individual Agreement or if it does not define Cause, termination of the Participant’s employment by the Company or any other Employer because of any conduct amounting to fraud, dishonesty, willful misconduct, negligence, significant activities materially harmful to the reputation of the Company or an Employer, insubordination or conviction of a felony or a crime involving moral turpitude, all as determined by the Committee in good faith, including but not limited to (as determined by the Committee in good faith), (A) Participant’s

[Table of Contents](#)

breach of any agreement between Participant and an Employer, (B) Participant's intentional or negligent failure to perform a reasonably requested directive or assignment or to perform his duties to the Employer substantially in accordance with the Employer's operating and personnel policies and procedures generally applicable to all of its employees, or (C) Participant's misappropriation or attempted misappropriation of any of the Employer's funds or property.

2.7 "Change in Control" means, unless provided otherwise in the Award Agreement, "Change in Control" or "Change of Control", as applicable, as defined in an Individual Agreement to which a Participant is a party that is then in effect. If a Participant does not have an Individual Agreement, or if it does not define Change in Control, no Termination of Service for that Participant shall be considered to be in connection with a Change in Control. Notwithstanding anything in this Plan or any Award Agreement to the contrary, to the extent any provision of this Plan or an Award Agreement would cause a payment of a 409A Award to be made because of the occurrence of a Change in Control, then such payment shall not be made unless such Change in Control also constitutes a "change in ownership", "change in effective control" or "change in ownership of a substantial portion of the Company's assets" within the meaning of Code section 409A. Any payment that would have been made except for the application of the preceding sentence shall be made in accordance with the payment schedule that would have applied in the absence of a Change in Control (and other Participant rights that are tied to a Change in Control, such as vesting, shall not be affected by this paragraph).

2.8 "Code" means the Internal Revenue Code of 1986, as now in effect or as hereafter amended. All citations to sections of the Code are to such sections as they may from time to time be amended or renumbered.

2.9 "Committee" means the Compensation Committee of the Board or such other committee consisting of two or more members of the Board as may be appointed by the Board from time to time to administer this Plan pursuant to Article 3. If Shares are traded on the NASDAQ Stock Market, all of the members of the Committee shall be "Independent Directors" within the meaning of the NASDAQ's Corporate Governance Requirements. If any member of the Committee does not qualify as (i) a "Non-Employee Director" within the meaning of Rule 16b-3 under the Act, and (ii) an "outside director" within the meaning of Code section 162(m), the Board shall appoint a subcommittee of the Committee, consisting of at least two Directors, to grant Awards to Covered Employees and to officers and Directors who are subject to Section 16 of the Act; each member of such subcommittee shall satisfy the requirements of (i) and (ii) above. References to the Committee in the Plan shall include and, as appropriate, apply to any such subcommittee.

2.10 "Company" means Cree, Inc., a North Carolina corporation, and its successors and assigns.

2.11 "Corporate Event" shall have the meaning set forth in Section 15.5.

2.12 "Covered Employee" means a Participant whom the Committee determines is or may be subject to the limitations of Code section 162(m).

2.13 "Detrimental Activity" shall have the meaning set forth in Section 15.4.

2.14 "Director" means any individual who is a member of the Board; provided, however, that any individual who is both a member of the Board and employed by the Company or any other entity constituting the Employer shall not be considered a Director for purposes of the Plan.

2.15 "Disability" means, with respect to any Incentive Stock Option, disability as determined under Code section 22(e)(3), and with respect to any other Award, unless provided otherwise in the Award Agreement, (i) with respect to a Participant who is eligible to participate in the Employer's program of long-term disability insurance, if any, a condition with respect to which the Participant is entitled to commence benefits under such program of long-term disability insurance and which results in Termination of Service of the Participant, and (ii) with respect to any Participant (including a Participant who is eligible to participate in the Employer's program of long-term disability insurance, if any), a disability as determined under procedures established by the Committee or in any Award. Notwithstanding the preceding provisions of this Section 2.15 or anything in any Award Agreement to the contrary, to the extent any provision of this Plan or an Award Agreement would cause a payment of a 409A Award to be made because of the Participant's Disability, then there shall not be a Disability that triggers payment until the date (if any) that the Participant is disabled within the meaning of Code section 409A(a)(2)(C). Any payment that would have been made except for the application of the preceding sentence shall be made in accordance with the payment schedule that would have applied in the absence of a Disability (and other Participant rights that are tied to a Disability, such as vesting, shall not be affected by the prior sentence).

2.16 "Effective Date" shall have the meaning set forth in Section 1.4.

[Table of Contents](#)

2.17 “Eligible Participant” means any employee of the Employer and any Outside Director, subject to such limitations as may be provided by the Code, the Act or the Committee, as shall be determined by the Committee.

2.18 “Employer” means the Company and any entity during any period that it is a “parent corporation” or a “subsidiary corporation” with respect to the Company within the meaning of Code sections 424(e) and 424(f). With respect to all purposes of the Plan, including but not limited to, the establishment, amendment, termination, operation and administration of the Plan, the Company shall be authorized to act on behalf of all other entities included within the definition of “Employer.”

2.19 “Fair Market Value” means the fair market value of a Share, as determined in good faith by the Committee; provided, however, that unless otherwise directed by the Committee:

(a) if the Shares are listed on The Nasdaq Stock Market on the given date, Fair Market Value on such date shall be the last sale price reported for the Shares on such system during the regular trading session on such date or, if no sale was reported during the regular trading session on such date, on the last day preceding such date on which a sale was reported during the regular trading session;

(b) if the Shares are listed on a national or regional securities exchange other than The Nasdaq Stock Market on the given date, Fair Market Value on such date shall be the last sale price reported for the Shares on such system during the regular trading session on such date or, if no sale was reported during the regular trading session on such date, on the last day preceding such date on which a sale was reported during the regular trading session; or

(c) if neither (a) nor (b) applies on the given date, the fair market value of a Share on that date shall be determined in good faith by the Committee.

For purposes of subsection (a) above, if the Shares are traded on more than one national securities exchange, then the following exchange shall be referenced to determine Fair Market Value: (i) The Nasdaq Stock Market if the Shares are then traded on such exchange and (ii) otherwise such other exchange on which Shares are traded as may be designated by the Committee.

Notwithstanding the foregoing but subject to the next paragraph, if the Committee determines in its discretion that an alternative definition of Fair Market Value should be used in connection with the grant, exercise, vesting, settlement or payout of any Award, it may specify such alternative definition in the Award Agreement. Such alternative definition may include a price that is based on the opening, actual, high, low, or average selling prices of a Share on The Nasdaq Stock Market or other securities exchange on the given date, the trading date preceding the given date, the trading date next succeeding the given date, or an average of trading days.

Notwithstanding the foregoing, (i) in the case of an Option or SAR, Fair Market Value shall be determined in accordance with a definition of fair market value that permits the Award to be exempt from Code section 409A; and (ii) in the case of an Option that is intended to qualify as an ISO under Code section 422 or an Award that is intended to qualify as performance-based compensation under Code section 162(m), Fair Market Value shall be determined by the Committee in accordance with the requirements of Code section 422 or Code section 162(m), as applicable.

2.20 “409A Award” means each Award that is not exempt from Code section 409A.

2.21 “Good Reason” means a Termination of Service for “Good Reason” as defined in an Individual Agreement to which the Participant is a party that is then in effect. If a Participant does not have an Individual Agreement, or if it does not define Good Reason, no Termination of Service for that Participant shall be considered to be for “Good Reason.”

2.22 “Incentive Stock Option” or “ISO” means an Option granted to an Eligible Participant under Article 5 which is designated as an Incentive Stock Option and intended to meet the requirements of Code section 422.

2.23 “Individual Agreement” means a written agreement between a Participant and the Company or any other Employer relating to employment by the Company or other Employer or to service as an Outside Director of the Company (other than an Award Agreement).

2.24 “Insider” shall mean an individual who is, on the relevant date, subject to the reporting requirements of Section 16(a) of the Act.

2.25 “Nonqualified Stock Option” or “NQSO” means an Option granted to an Eligible Participant under Article 5 which is not intended to meet the requirements of Code section 422 or that otherwise does not meet such requirements.

The determination of whether a Participant has discontinued employment or service shall be made by the Committee in its sole discretion. “Termination of Employment” as used in an Award Agreement shall mean Termination of Service and vice-versa.

ARTICLE 3—ADMINISTRATION

3.1 *Composition of Committee.* This Plan shall be administered by the Committee. The Committee shall consist of two or more Outside Directors who shall be appointed by the Board. The Board shall fill vacancies on the Committee and may from time to time remove or add members of the Committee. Except with respect to Awards to Outside Directors under Article 10, the Board, in its sole discretion, may exercise any authority of the Committee under this Plan in lieu of the Committee’s exercise thereof and in such instances references herein to the Committee shall refer to the Board of Directors. Unless the Board directs otherwise, the Compensation Committee of the Board shall serve as the Committee.

3.2 *Authority of the Committee.*

(a) The Committee shall have the exclusive right to interpret, construe and administer the Plan, to select the persons who are eligible to receive an Award, and to act in all matters pertaining to the granting of an Award and the contents of the Award Agreement evidencing the Award, including without limitation, the determination of the number of Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units or Other Awards subject to an Award and the form, terms, conditions and duration of each Award, and any amendment thereof consistent with the provisions of the Plan. The Committee may adopt such rules, regulations and procedures of general application for the administration of this Plan as it deems appropriate.

(b) The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award Agreement in the manner and to the extent it shall deem desirable to carry it into effect.

(c) In the event the Company shall assume outstanding employee benefit awards or the right or obligation to make future such awards in connection with the acquisition of another corporation or business entity, the Committee may, in its discretion, make such adjustments in the terms of Awards under the Plan as it shall deem appropriate.

(d) The Committee shall have the discretion to determine the effect upon an Award and upon an individual’s status as an employee or Outside Director under the Plan (including whether a Participant shall be deemed to have experienced a Termination of Service, or other change in status) and upon the vesting, expiration or forfeiture of an Award in the case of (i) any individual who is employed by an entity that ceases to qualify as an Employer, (ii) any leave of absence, (iii) any transfer between locations of employment with the Employer or between Employers, (iv) any change in the Participant’s status from an employee to a consultant or member of the Board of Directors, or vice versa, and (v) any employee who, at the request of the Employer or the Company, becomes employed by any partnership, joint venture, corporation or other entity not meeting the requirements of an Employer.

(e) All actions, determinations and decisions of the Committee made or taken pursuant to grants of authority under the Plan or with respect to any questions arising in connection with the administration and interpretation of the Plan, including the severability of any and all of the provisions thereof, shall be conclusive, final and binding upon all parties, including the Company, its shareholders, Participants, Eligible Participants and their estates, beneficiaries and successors. The Committee shall consider such factors as it deems relevant to making or taking such actions, determinations and decisions including, without limitation, the recommendations or advice of any director, officer or employee of the Company and such

attorneys, consultants and accountants as it may select. A Participant or other holder of an Award may contest an action, determination or decision by the Committee with respect to such person or Award only on the grounds that such action, determination or decision was arbitrary or capricious or was unlawful, and any review of such action, determination or decision shall be limited to determining whether the Committee's decision or action was arbitrary or capricious or was unlawful.

3.3 Rules for Foreign Jurisdictions. Notwithstanding anything in the Plan to the contrary, the Committee may, in its sole discretion, amend or vary the terms of the Plan in order to conform such terms with the requirements of each non-U.S. jurisdiction where an Eligible Participant is located or to meet the goals and objectives of the Plan; establish one or more sub-plans for these purposes; and establish administrative rules and procedures to facilitate the operation of the Plan in such non-U.S. jurisdictions. For purposes of clarity, the terms and conditions contained herein which are subject to variation in a non-U.S. jurisdiction shall be reflected in a written addendum to the Plan and/or Award Agreement for such non-U.S. jurisdiction.

3.4 Delegation of Authority. The Committee may, in its discretion, at any time and from time to time, delegate to one or more of the members of the Committee such of its powers as it deems appropriate (provided that any such delegation shall be to at least two members of the Committee with respect to Awards to Covered Employees and Insiders). Except with respect to Awards to Covered Employees and Insiders, the Committee may, in its discretion, at any time and from time to time, delegate to one or more persons who are not members of the Committee any or all of its authority and discretion under Section 3.2 and 3.3, to the full extent permitted by law and the rules of any exchange on which Shares are traded.

3.5 Award Agreements. Each Award granted under the Plan shall be evidenced by an Award Agreement. Each Award Agreement shall be subject to and incorporate, by reference or otherwise, the applicable terms and conditions of the Plan, and any other terms and conditions, not inconsistent with the Plan, as may be directed by the Committee, including without limitation, provisions related to the consequences of Termination of Service. A copy of such document shall be provided to the Participant, and the Committee may, but need not, require that the Participant sign a copy of the Award Agreement or otherwise confirm the Participant's acceptance of the provisions of the Award Agreement. The Participant shall in any event be deemed to have accepted the provisions of an Award Agreement delivered to the Participant with respect to an Award by exercising the Award or receiving any benefits thereunder.

3.6 Indemnification. In addition to such other rights of indemnification as they may have as members of the Board or as members of the Committee, the Company shall indemnify and hold harmless the members of the Committee against (i) reasonable expenses, including attorney's fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal thereof, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any Award granted thereunder, (ii) all amounts paid by them in settlement thereof, provided such settlement is approved by independent legal counsel selected by the Company, and (iii) all amounts paid by them in satisfaction of a judgment in any such action, suit or proceeding, except as to matters as to which the Committee member has been negligent or engaged in misconduct in the performance of his duties (all amounts reimbursed hereunder are referred to as the "Reimbursement Expenses"); provided, that within 60 days after institution of any such action, suit or proceeding, a Committee member shall in writing offer the Company the opportunity, at its own expense, to handle and defend the same. In the performance of its responsibilities with respect to the Plan, the members of the Committee shall be entitled to rely upon, and no member of the Committee shall be liable for any action taken or not taken in good faith reliance upon, information and/or advice furnished by the Company's officers or employees, the Company's accountants, or the Company's counsel. To the extent the entitlement to Reimbursement Expenses is subject to Code section 409A, it applies during the lifetime of the Committee member; the Company shall pay each Reimbursement Expense no later than the end of the calendar year following the calendar year in which the Committee member incurred such Reimbursement Expense; the amount of Reimbursement Expenses available to a Committee member in one tax year will not affect the amount of Reimbursement Expenses available to the Committee member in any other tax year; and the entitlement to Reimbursement Expenses is not subject to liquidation or exchange for any other benefit.

ARTICLE 4—SHARES SUBJECT TO THE PLAN

4.1 Aggregate Limits.

(a) Subject to adjustment as provided in Section 4.4, the aggregate number of Shares which may be issued pursuant to Awards under this Plan is (i) 4,500,000 plus (ii) the number of Shares which, immediately prior to the Effective Date, were authorized for issuance under the Predecessor Plan and are not thereafter used for awards under the Predecessor Plan the "Award Pool"). Shares described in clause (ii) above include Shares which, immediately prior to the Effective Date, were authorized for issuance under the Predecessor Plan and either (x) are not subject to outstanding awards under the Predecessor

[Table of Contents](#)

Plan as of January 1, 2014 or (y) are subject to outstanding awards under the Predecessor Plan as of January 1, 2014 and subsequently expire, are canceled or otherwise terminate unexercised or unused for any reason.

(b) Up to 2,500,000 Shares are available for issuance pursuant to ISOs granted under the Plan. Otherwise, the Award Pool shall be available for all types of Awards granted under the Plan; there is no maximum number of Shares per type of Award. Such Shares shall be made available from Shares authorized but unissued, including Shares purchased in the open market or in private transactions.

4.2 Share Counting Rules.

(a) Each Option shall be counted as one Share subject to an Award and deducted from the Award Pool.

(b) Each share of Restricted Stock and each Restricted Stock Unit and each Other Award that may be settled in Shares shall be counted as one Share subject to an Award and deducted from the Award Pool. Restricted Stock Units and Other Awards that may not be settled in Shares shall not result in a deduction from the Award Pool.

(c) Each Performance Share that may be settled in Shares shall be counted as one Share subject to an Award, based on the number of Shares that would be paid under the Performance Share for achievement of target performance, and deducted from the Award Pool. Each Performance Unit that may be settled in Shares shall be counted as a number of Shares subject to an Award, based on the number of Shares that would be paid under the Performance Unit for achievement of target performance, with the number determined by dividing the value of the Performance Unit at the time of grant by the Fair Market Value of a Share at the time of grant, and this number shall be deducted from the Award Pool. In both cases, in the event that the Award is later settled based on above-target performance, the number of Shares corresponding to the above-target performance, calculated pursuant to the applicable methodology specified above, shall be deducted from the Award Pool at the time of such settlement; in the event that the Award is later settled upon below-target performance, the number of Shares corresponding to the below-target performance, calculated pursuant to the applicable methodology specified above, shall be added back to the Award Pool. Performance Shares and Performance Units that may not be settled in Shares shall not result in a deduction from the Award Pool.

(d) Each Stock Appreciation Right that may be settled in Shares shall be counted as one Share subject to an Award and deducted from the Award Pool. Stock Appreciation Rights that may not be settled in Shares shall not result in a deduction from the Award Pool.

(e) If for any reason any Shares awarded or subject to issuance under the Plan are not issued, or are reacquired by the Company from the Participant or the Participant's transferee, for reasons including, but not limited to: (i) a forfeiture of Restricted Stock or a Restricted Stock Unit; (ii) the termination, expiration or cancellation of an Option, Stock Appreciation Right, Performance Share, Performance Unit or Other Award; (iii) Shares withheld for payment of taxes pursuant to Section 14.2; or (iv) settlement of an Award in cash in lieu of Shares, such Shares shall again be available for issuance pursuant to an Award under the Plan and shall be added back to the Award Pool, except that Shares with respect to which a Stock Appreciation Right is exercised shall not thereafter be available for issuance under the Plan nor added back to the Award Pool.

4.3 Individual Limits. Subject to adjustment as provided in Section 4.4 and except to the extent the Committee determines that an Award to a Covered Employee shall not comply with the performance-based compensation provisions of Code section 162(m) (and may be excluded from these limits without adversely affecting the application of these provisions with respect to Awards that are intended to comply with them): (i) the aggregate number of Shares subject to Options or Stock Appreciation Rights granted under this Plan in any one fiscal year to any one Participant shall not exceed 3,000,000; (ii) the aggregate number of Shares subject to Restricted Stock or Restricted Stock Unit Awards granted under this Plan in any one fiscal year to any one Participant shall not exceed 1,000,000; (iii) the maximum number of Performance Shares and Performance Units (valued as of the grant date) that, in the aggregate, may be granted in any one fiscal year to any one Participant shall equal the value of 2,000,000 Shares (based on the maximum amount that could be paid under each Performance Share and Performance Unit); and (iv) the maximum number of Other Awards (valued as of the grant date) that, in the aggregate, may be granted in any one fiscal year to any one Participant shall equal the value of 500,000 Shares (this limitation shall be applied based on the maximum amount that could be paid under each Other Award).

The multipliers specified in subsections (a) through (d) of Section 4.2 shall not apply for purposes of applying the foregoing limitations of this Section 4.3.

[Table of Contents](#)

4.4 *Adjustment of Shares.* If any change in corporate capitalization, such as a stock split, reverse stock split, or stock dividend; or any corporate transaction such as a reorganization, reclassification, merger or consolidation or separation, including a spin-off, of the Company or sale or other disposition by the Company of all or a portion of its assets, any other change in the Company's corporate structure, or any distribution to shareholders (other than an ordinary cash dividend) results in the outstanding Shares, or any securities exchanged therefore or received in their place, being exchanged for a different number or class of shares or other securities of the Company, or for shares of stock or other securities of any other corporation; or new, different or additional shares or other securities of the Company or of any other corporation being received by the holders of outstanding Shares; then the Committee shall make equitable adjustments, as it determines are necessary and appropriate, in:

- (a) the number and class of stock or other securities that comprise the Award Pool as set forth in Section 4.1;
- (b) the limitations on the aggregate number of Awards that may be granted in any one fiscal year to any one Participant as set forth in Section 4.3;
- (c) the number and class of stock or other securities subject to outstanding Awards, and which have not been issued or transferred under outstanding Awards;
- (d) the Option Price under outstanding Options, the SAR Price under outstanding Stock Appreciation Rights and the number of Shares to be transferred in settlement of outstanding Options and Stock Appreciation Rights; and
- (e) the terms, conditions or restrictions of any Award and Award Agreement, including the price payable for the acquisition of Shares.

It is intended that, if possible, any adjustments contemplated above shall be made in a manner that satisfies applicable legal requirements, as well as applicable requirements with respect to taxation (including, without limitation and as applicable in the circumstances, Code section 424, Code section 409A, and Code section 162(m)) and accounting (so as to not trigger any charge to earnings with respect to such adjustment).

Without limiting the generality of the above, any good faith determination by the Committee as to whether an adjustment is required in the circumstances and the extent and nature of any such adjustment shall be final, conclusive and binding on all persons.

ARTICLE 5—STOCK OPTIONS

5.1 *Grant of Options.* Subject to the provisions of the Plan, Options may be granted to Eligible Participants at any time and from time to time as shall be determined by the Committee. The Committee shall have sole discretion in determining the number of Shares subject to Options granted to each Participant. The Committee may grant a Participant ISOs, NQSOs or a combination thereof, and may vary such Awards among Participants; provided that only employees may be granted ISOs. Notwithstanding anything in this Article 5 to the contrary, except for Options that are specifically designated as intended to be subject to Code section 409A, Options may only be granted to individuals who provide direct services on the date of grant of the Option to the Company or another entity in a chain of entities in which the Company or another such entity has a controlling interest (within the meaning of Treasury Regulation § 1.409A-1(b)(5)(iii)(E)) in each entity in the chain.

5.2 *Award Agreement.* Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the duration of the Option, the number of Shares to which the Option pertains, the conditions upon which the Option shall become vested and exercisable and such other provisions as the Committee shall determine. The Award Agreement shall further specify whether the Award is intended to be an ISO or an NQSO. Any portion of an Option that is not designated as an ISO or otherwise fails or is not qualified as an ISO (even if designated as an ISO) shall be an NQSO.

5.3 *Option Price.* The Option Price for each grant of an Option shall not be less than one hundred percent (100%) of the Fair Market Value of a Share on the date the Option is granted. Notwithstanding the prior sentence, an Option may be granted with an Option Price that is less than one hundred percent (100%) of the Fair Market Value of a Share on the date the Option is granted if such Option is granted in replacement for an award previously granted by an entity that is assumed by the Company in a business combination, provided that the Committee determines that such Option Price is appropriate to preserve the economic benefit of the replaced award and will not impair the exemption of the Option from Code section 409A (unless the Committee clearly and expressly foregoes such exemption at the time the Option is granted).

5.4 *Duration of Options.* Each Option shall expire at such time as the Committee shall determine at the time of grant; provided, however, that the Committee may extend the term of any Option that would otherwise expire at a time when the Participant is not permitted by applicable law or Company policy to exercise such Option; and provided, further, that no Option shall be exercisable later than the seventh (7th) anniversary of its grant date.

5.5 Exercise of Options. Options granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, including conditions related to the employment of or provision of services by the Participant with the Company or any Employer, which need not be the same for each grant or for each Participant. The Committee may provide in the Award Agreement and/or an Individual Agreement that vesting of the Award shall accelerate or other restrictions applicable to the Award shall lapse only: (i) in the event of the Participant's death, Disability, or retirement (as defined in the applicable Award Agreement), (ii) in connection with a Change of Control, or (iii) pursuant to Section 15.5. Deferral of Option gains is not permitted.

5.6 Payment. Options shall be exercised by the delivery of written or electronic notice of exercise to the Company or its designated representative, setting forth the number of Shares with respect to which the Option is to be exercised and satisfying any requirements that the Committee may establish in or pursuant to the Award Agreement from time to time. Full payment of the Option Price (less any amount previously received from the Participant to acquire the Option) must be made on or prior to the Payment Date, as defined below. The Option Price shall be payable to the Company either: (a) in cash, (b) in a cash equivalent approved by the Committee, (c) if approved by the Committee, by tendering previously acquired Shares (or delivering a certification or attestation of ownership of such Shares) having an aggregate Fair Market Value at the time of exercise equal to the total Option Price (provided that the tendered Shares must have been held by the Participant for any period required by the Committee), or (d) by a combination of (a), (b) or (c). The Committee also may allow cashless exercises as permitted under Regulation T of the Federal Reserve Board, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law. "Payment Date" shall mean the date on which a sale transaction in a cashless exercise (whether or not payment is actually made pursuant to a cashless exercise) would have settled in connection with the subject option exercise. Unless otherwise authorized by the Committee, no Shares shall be delivered until the full Option Price has been paid.

5.7 Nontransferability of Options.

(a) *Incentive Stock Options.* No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under the Plan shall be exercisable during his or her lifetime only by such Participant or the Participant's legal representative. In no event may an ISO be transferred for value or consideration.

(b) *Nonqualified Stock Options.* Except as otherwise provided in a Participant's Award Agreement consistent with securities and other applicable laws, rules and regulations, no NQSO granted under this Article 5 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in an Award Agreement or otherwise determined at any time by the Committee, all NQSOs granted to a Participant under this Article 5 shall be exercisable during his or her lifetime only by such Participant or the Participant's legal representative. In no event may an NQSO be transferred for value or consideration.

5.8 Special Rules for ISOs. Notwithstanding the above, in no event shall any Participant who owns (within the meaning of Code section 424(d)) stock of the Company possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any "parent" or "subsidiary" (within the meaning of Code section 424(e) or (f), respectively) be eligible to receive an ISO at an Option Price less than one hundred ten percent (110%) of the Fair Market Value of a share on the date the ISO is granted or be eligible to receive an ISO that is exercisable later than the fifth (5th) anniversary date of its grant. The aggregate Fair Market Value of shares with respect to which incentive stock options (within the meaning of Code section 422) granted to a Participant are first exercisable in any calendar year (under the Plan and all other incentive stock option plans of the Employer) shall not exceed \$100,000. For this purpose, Fair Market Value shall be determined with respect to a particular incentive stock option on the date on which such incentive stock option is granted. In the event that this One Hundred Thousand Dollar (\$100,000) limit is exceeded with respect to a Participant, then Incentive Stock Options granted under this Plan to such Participant shall, to the extent and in the order required by Treasury Regulations under Code section 422, automatically become NQSOs granted under this Plan. Solely for purposes of determining the limit on ISOs that may be granted under the Plan, the provisions of Section 4.2 that replenish or forgo a deduction from the Award Pool shall only be applied to the extent permitted by Code section 422 and regulations promulgated thereunder.

ARTICLE 6—STOCK APPRECIATION RIGHTS

6.1 Grant of SARs. Subject to the terms and provisions of the Plan, SARs may be granted to Eligible Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee. A Stock Appreciation Right may be granted to an Eligible Participant in connection with an Option granted under Article 5 of this Plan or may be granted independently of any Option. A Stock Appreciation Right shall entitle the holder, within the specified period, to

exercise the SAR and receive in exchange a payment having an aggregate value equal to the amount by which the Fair Market Value of a Share exceeds the SAR Price, times the number of Shares with respect to which the SAR is exercised. A SAR granted in connection with an Option (a “Tandem SAR”) shall entitle the holder of the related Option, within the period specified for the exercise of the Option, to surrender the unexercised Option, or a portion thereof, and to receive in exchange therefore a payment having an aggregate value equal to the amount by which the Fair Market Value of a Share exceeds the Option Price, times the number of Shares under the Option, or portion thereof, which is surrendered. Notwithstanding anything in this Article 6 to the contrary, except for SARs that are specifically designated as intended to be subject to Code section 409A, SARs may only be granted to individuals who provide direct services on the date of grant of the SAR to the Company or another entity in a chain of entities in which the Company or another such entity has a controlling interest (within the meaning of Treasury Regulation § 1.409A-1(b)(5)(iii)(E)) in each entity in the chain.

6.2 *Award Agreement.* Each SAR grant shall be evidenced by an Award Agreement that shall specify the SAR Price, the duration of the SAR, the number of Shares with respect to which the SAR pertains, the conditions upon which the SAR shall become vested and exercisable and such other provisions as the Committee shall determine.

6.3 *Tandem SARs.* Each Tandem SAR shall be subject to the same terms and conditions as the related Option, including limitations on transferability, shall be exercisable only to the extent such Option is exercisable and shall terminate or lapse and cease to be exercisable when the related Option terminates or lapses. The grant of Stock Appreciation Rights related to ISOs must be concurrent with the grant of the ISOs. With respect to NQSOs, the grant either may be concurrent with the grant of the NQSOs, or in connection with NQSOs previously granted under Article 5, which are unexercised and have not terminated or lapsed.

6.4 *Payment.* The Committee shall have sole discretion to determine in each Award Agreement whether the payment with respect to the exercise of an SAR will be in the form of cash, Shares, or any combination thereof. If payment is to be made in Shares, the number of Shares shall be determined based on the Fair Market Value of a Share on the date of exercise.

6.5 *SAR Price.* The SAR Price for each grant of a SAR shall be determined by the Committee and shall not be less than one hundred percent (100%) of the Fair Market Value of a Share on the date the SAR is granted. Notwithstanding the prior sentence, a SAR may be granted with a SAR Price that is less than one hundred percent (100%) of the Fair Market Value of a Share on the date the SAR is granted if such SAR is granted in replacement for an award previously granted by an entity that is assumed by the Company in a business combination, provided that the Committee determines that such SAR Price is appropriate to preserve the economic benefit of the replaced award and will not impair the exemption of the SAR from Code section 409A (unless the Committee clearly and expressly foregoes such exemption at the time the SAR is granted).

6.6 *Duration of SARs.* Each SAR shall expire at such time as the Committee shall determine at the time of grant; provided, however, that the Committee may extend the term of any SAR that would otherwise expire at a time when the Participant is not permitted by applicable law or Company policy to exercise such SAR; and provided, further, that no SAR shall be exercisable later than the seventh (7th) anniversary of its grant date.

6.7 *Exercise of SARs.* SARs granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, including conditions related to the employment of or provision of services by the Participant with the Company or any Employer, which need not be the same for each grant or for each Participant. The Committee may provide in the Award Agreement and/or an Individual Agreement that vesting of the Award shall accelerate or other restrictions applicable to the Award shall lapse only: (i) in the event of the Participant’s death, Disability, or retirement (as defined in the applicable Award Agreement), (ii) in connection with a Change of Control, or (iii) pursuant to Section 15.5. Upon exercise of a Tandem SAR, the number of Shares subject to exercise under the related Option shall automatically be reduced by the number of Shares represented by the Option or portion thereof which is surrendered. SARs shall be exercised by the delivery of written or electronic notice of exercise to the Company or its designated representative, setting forth the number of Shares with respect to which the SAR is to be exercised and satisfying any requirements that the Committee may apply from time to time.

6.8 *Nontransferability of SARs.* Except as otherwise provided in an Award Agreement or otherwise determined at any time by the Committee consistent with securities and other applicable laws, rules and regulations, no SAR granted under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in an Award Agreement or otherwise determined at any time by the Committee, all SARs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant or the Participant’s legal representative. In no event may a SAR be transferred for value or consideration.

ARTICLE 7—RESTRICTED STOCK AND RESTRICTED STOCK UNITS

7.1 *Grants of Restricted Stock and Restricted Stock Units.* Restricted Stock Awards and Restricted Stock Unit Awards may be made to Eligible Participants as an incentive for the performance of future services that the Committee in its sole discretion determines will contribute materially to the successful operation of the Employer. Subject to Section 11 with respect to grants to Outside Directors, Awards of Restricted Stock or Restricted Stock Units may be made either alone or in addition to or in tandem with other Awards granted under the Plan and may be current grants of Restricted Stock or Restricted Stock Units or deferred grants of Restricted Stock or Restricted Stock Units.

7.2 *Restricted Stock/Unit Award Agreement.*

(a) *In General.* Each Award of Restricted Stock/Units shall be evidenced by an Award Agreement that shall set forth the terms of the Award, as determined by the Committee, including, without limitation, the number of Shares of Restricted Stock or the number of Restricted Stock Units granted; the purchase price, if any, to be paid for each Share of Restricted Stock or Restricted Stock Unit, which may be more than, equal to, or less than Fair Market Value of a Share and may be zero, subject to such minimum consideration as may be required by applicable law; any restrictions applicable to the Restricted Stock/Units such as continued service or achievement of performance goals, or both; the length of the Restriction Period and whether any circumstances, such as death, Disability, retirement (as defined in the applicable Award Agreement) or a Change in Control, will shorten or terminate the Restriction Period; and whether Restricted Stock Units will be settled in cash, Shares or a combination of cash and Shares. The Restriction Period may be of any duration. The Award may provide for lapse of the Restriction Period in monthly or longer installments over the course of the Restriction Period, as determined by the Committee in its discretion.

(b) *Execution of Award Agreements.* Notwithstanding Section 3.5, a Restricted Stock or Stock Unit Award must be accepted prior to the first vesting date or such other period as the Committee may specify, by executing a Restricted Stock/Unit Award Agreement, or otherwise electronically accepting the Award, and paying whatever price, if any, is required. The prospective recipient of a Restricted Stock or Restricted Stock Unit Award shall not have any rights with respect to such Award, unless and until such recipient has executed a Restricted Stock/Unit Award Agreement and has delivered a fully executed copy thereof to the Company, or otherwise electronically accepted the Award, and has otherwise complied with the applicable terms and conditions of such Award.

7.3 *Nontransferability.* Except as otherwise provided in this Article 7 or in an Award Agreement, no shares of Restricted Stock or Restricted Stock Units received by a Participant shall be sold, exchanged, transferred, pledged, assigned, hypothecated or otherwise disposed of during the Restriction Period or, in the case of Restricted Stock Units, until the date of delivery of Shares or other payment with respect to the Restricted Stock Units, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in an Award Agreement, a Participant's rights under an Award of Restricted Stock or Restricted Stock Units shall be available during the Participant's lifetime only to the Participant or the Participant's legal representative.

7.4 *Certificates.* Upon an Award of Restricted Stock to a Participant, Shares of Restricted Stock shall be registered in the Participant's name. Certificates, if issued, may either be held in custody by the Company until the Restriction Period expires or until restrictions thereon otherwise lapse and/or be issued to the Participant and registered in the name of the Participant, bearing an appropriate restrictive legend and remaining subject to appropriate stop-transfer orders. If required by the Committee, the Participant shall deliver to the Company one or more stock powers endorsed in blank relating to the Restricted Stock. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock subject to such Restriction Period, unrestricted certificates for such shares shall be delivered to the Participant.

7.5 *Dividends and Other Distributions.* Except as provided in this Article 7 or in the Award Agreement, a Participant receiving a Restricted Stock Award shall have, with respect to such Award, all of the rights of a shareholder of the Company, including the right to vote the Shares to the extent, if any, such Shares possess voting rights and the right to receive any dividends; provided, however, the Committee may require that any dividends on such Shares of Restricted Stock shall be automatically deferred and reinvested in additional Restricted Stock subject to the same restrictions on vesting as the underlying Award, or may require that dividends and other distributions on Restricted Stock shall be paid to the Company for the account of the Participant and held pending and subject to the same restrictions on vesting as the underlying Award; provided, however, that to the extent that any dividends are deferred, reinvested or otherwise not paid when such dividends would otherwise normally be paid, (i) all terms and conditions for such delayed payment shall be included in the Award Agreement, and (ii) such deferral, reinvestment or delay in payment of the dividends shall only be allowed to the extent it complies with, or is exempt from, the requirements of Code section 409A. The Committee shall determine whether interest, if any, shall be paid on such amounts,

the rate of any such interest, and the other terms applicable to such amounts (again, provided that all such terms shall, to the extent required, comply with Code section 409A). A Participant receiving a Restricted Stock Unit Award shall not possess voting rights and shall accrue dividend equivalents on such Units only to the extent provided in the Award Agreement; provided, however, that rights to dividend equivalents shall only be allowed to the extent they comply with, or are exempt from, Code section 409A. The Committee shall require that any such dividend equivalents be subject to the same restrictions on vesting and payment as the underlying Award. In addition, with respect to Covered Employees, the Committee may apply any restrictions it deems appropriate to the payment of dividends declared with respect to Restricted Stock such that the dividends and/or Restricted Stock maintain eligibility for the performance-based compensation exception under Code section 162(m).

7.6 Short-Term Deferral. To the extent an Award described in this Section is a 409A Award and is subject to a substantial risk of forfeiture within the meaning of Code section 409A (or will be granted upon the satisfaction of a condition that constitutes such a substantial risk of forfeiture), any compensation due under the Award (or pursuant to a commitment to grant an Award) shall be paid in full not later than the 60th day following the date on which there is no longer such a substantial risk of forfeiture with respect to the Award (and the Participant shall have no right to designate the year of the payment), unless the Committee shall clearly and expressly provide otherwise at the time of granting the Award.

ARTICLE 8—PERFORMANCE SHARES AND UNITS

8.1 Grant of Performance Shares/Units. Subject to the terms and provisions of the Plan, Performance Shares and Performance Units may be granted to Eligible Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee.

8.2 Value of Performance Shares/Units. Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. Each Performance Share shall have an initial value equal to the Fair Market Value of a Share on the date of grant. In addition to any non-performance terms applicable to the Award, the Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the number and/or value of Performance Shares, Performance Units or both, as applicable, that will be paid out to the Participant. For purposes of this Article 8, the time period during which the performance goals must be met shall be called a “Performance Period.” The Committee may, but is not obligated to, set such performance goals by reference to the performance measures set forth in Article 10.

8.3 Earning of Performance Shares/Units. Subject to the terms of this Plan, after the applicable Performance Period has ended, the holder of Performance Shares/Units shall be entitled to receive a payout of the number and value of Performance Shares/Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance goals have been achieved and any applicable non-performance terms have been met. The Committee may provide in the Award Agreement and/or an Individual Agreement that the Performance Shares/Units are earned notwithstanding achievement of the performance goals only: (i) in the event of the Participant’s death or Disability, (ii) for an Award that is not intended to qualify under the performance-based compensation exception from the deductibility limitations of Code section 162(m), in the event of the Participant’s retirement (as defined in the applicable Award Agreement), (iii) in connection with a Change of Control, or (iv) pursuant to Section 15.5.

8.4 Form and Timing of Payment of Performance Shares/Units. Subject to the terms of this Plan and the applicable Award Agreement, the Committee, in its sole discretion, may pay earned Performance Shares/Units in the form of cash or Shares or other Awards (or in a combination thereof) which have an aggregate Fair Market Value equal to the value of the earned Performance Shares/Units at the close of the applicable Performance Period. Any such Shares may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form and timing of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award. Notwithstanding the foregoing, to the extent an Award described in this Article 8 is a 409A Award and is subject to a substantial risk of forfeiture within the meaning of Code section 409A (or will be granted upon the satisfaction of a condition that constitutes such a substantial risk of forfeiture), any compensation due under the Award (or pursuant to a commitment to grant an Award) shall be paid in full not later than the 60th day following the date there is no longer such a substantial risk of forfeiture with respect to the Award (and the Participant shall have no right to designate the year of the payment), unless the Committee shall clearly and expressly provide otherwise at the time of granting the Award.

8.5 Dividends and Other Distributions. A Participant receiving a Performance Share/Unit Award shall not possess voting rights and shall accrue dividend equivalents on such Performance Shares/Units only to the extent provided in the Award Agreement; provided, however, that rights to dividend equivalents shall only be allowed to the extent they comply with, or are exempt from, Code section 409A. Any rights to dividend equivalents on Performance Shares/Units shall be subject to the same

restrictions on vesting and payment as the underlying Award. In addition, with respect to Covered Employees, the Committee may apply any restrictions it deems appropriate to the payment of dividends declared with respect to Performance Shares/Units such that the dividends and/or Performance Shares/Units maintain eligibility for the performance-based compensation exception under Code section 162(m).

8.6 *Nontransferability.* Except as otherwise provided in this Article 8 or the applicable Award Agreement, Performance Shares/Units may not be sold, exchanged, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in the applicable Award Agreement, a Participant's rights with respect to Performance Shares/Units shall be available during the Participant's lifetime only by the Participant or the Participant's legal representative. In no event may a Performance Share/Unit be transferred for value or consideration.

ARTICLE 9—OTHER AWARDS

The Committee shall have the authority to specify the terms and provisions of other forms of equity-based or equity-related awards not described above that the Committee determines to be consistent with the purpose of the Plan and the interests of the Company. The Other Awards may provide for cash payments based in whole or in part on the value or future value of Shares, for the acquisition or future acquisition of Shares, or any combination of the foregoing. Notwithstanding the foregoing, where the value of an Other Award is based on the difference in the value of a Share at different points in time, the grant or exercise price will not be less than 100% of the Fair Market Value of the Shares on the date of grant unless the Other Award is granted in replacement for an award previously granted by an entity that is assumed by the Company in a business combination, provided that the Committee determines that the Other Award preserves the economic benefit of the replaced award and is either exempt from or in compliance with the requirements of Code section 409A.

ARTICLE 10—PERFORMANCE MEASURES

10.1 *In General.* The Committee may, in its discretion, include performance conditions in any Award.

10.2 *Section 162(m) Performance Measures.* Unless and until the Committee proposes for shareholder vote and shareholders approve a change in the general performance measures set forth in this Article 10, the attainment of which may determine the degree of payout and/or vesting with respect to Covered Employees' Awards that are intended to qualify under the performance-based compensation provisions of Code section 162(m), the performance measure(s) to be used for purposes of such Awards shall be chosen from among the following: earnings (GAAP and non-GAAP), earnings per share (GAAP and non-GAAP), consolidated pre-tax earnings (GAAP and non-GAAP), net earnings (GAAP and non-GAAP), net income (GAAP and non-GAAP), operating income (GAAP and non-GAAP), EBIT (earnings before interest and taxes) (non-GAAP), EBITDA (earnings before interest, taxes, depreciation and amortization) (non-GAAP), gross margin (GAAP and non-GAAP), operating margin (GAAP and non-GAAP), profit margin (GAAP and non-GAAP), revenues (GAAP and non-GAAP), revenue growth (GAAP and non-GAAP), market value added, market share, economic value added, return measures (including but not limited to return on equity, return on investment, return on assets, return on net assets, and return on capital employed) (GAAP and non-GAAP), total shareholder return, profit (GAAP and non-GAAP), operating profit (GAAP and non-GAAP), economic profit, capitalized economic profit, after-tax profit (GAAP and non-GAAP), pre-tax profit (GAAP and non-GAAP), cash, cash flow measures (including but not limited to operating cash flow, free cash flow, cash flow return, and cash flow per share) (GAAP and non-GAAP), sales (GAAP and non-GAAP), sales volume, sales growth (GAAP and non-GAAP), assets (GAAP), inventory turnover ratio, productivity ratios, share price, cost (GAAP and non-GAAP), unit cost (GAAP and non-GAAP), expense targets or ratios (GAAP and non-GAAP), charge-off levels, operating efficiency, operating expenses (GAAP and non-GAAP), customer satisfaction, improvement in or attainment of expense levels (GAAP and non-GAAP), working capital (GAAP and non-GAAP), improvement in or attainment of working capital levels (GAAP and non-GAAP), debt, debt to equity ratio, debt reduction, capital targets and/or consummation of acquisitions, dispositions, projects or other specific events or transactions.

Any performance measure may be applied to the Company and any other entity included in the term "Employer" in the aggregate, to a selection of these, to each as a whole or alternatively, or to any business unit of the Company or any other entity included in the term "Employer", either individually, alternatively or in any combination and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to results for previous years or to a designated comparison group of entities or to a published or stock market or other index, in each case as specified by the Committee. The Committee shall specify the period over which the performance goals for a particular Award shall be measured.

10.3 *Other Performance Measures.* The Committee may establish other performance measures for Awards granted to Eligible Participants that are not intended to qualify under the performance-based compensation exception from the deductibility limitations of Code section 162(m).

10.4 *Committee Determination of Achievement of Performance Goals; Adjustments.* The Committee shall determine whether the applicable performance goals have been met with respect to a particular Award and, if they have, the Committee shall so certify in writing and ascertain the amount payable under the applicable Award. The Committee is authorized to make adjustments in performance-based criteria or in the terms and conditions of other Awards in recognition of unusual or nonrecurring events affecting the Company or its financial statements (including, but not limited to, asset write-downs; litigation or claim judgments or settlements; reorganizations or restructuring programs; extraordinary, unusual, or nonrecurring items of gain or loss as defined under US generally accepted accounting principles; mergers, acquisitions or divestitures; and foreign exchange gains and losses) or changes in applicable laws, regulations or accounting principles. In the case of Awards to Covered Employees that are intended to qualify under the performance-based compensation exception from the deductibility limitations of Code section 162(m), such adjustments shall be made in accordance with guidelines established by the Committee at the time the performance-based Award is granted (or within such period thereafter as may be permissible under Code section 162(m)). The Committee shall also have the discretion to adjust downward the determinations of the degree of attainment of the pre-established performance goals; Awards may not be adjusted upward.

If applicable tax and/or securities laws permit Committee discretion to alter the governing performance measures without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards which shall not qualify for the performance-based compensation exception from the deductibility limitations of Code section 162(m), the Committee may make such grants without satisfying the requirements of Code section 162(m).

ARTICLE 11—AWARDS TO OUTSIDE DIRECTORS

Awards to Outside Directors may be in the form of Nonqualified Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Other Awards or a combination thereof.

ARTICLE 12—BENEFICIARY DESIGNATION

To the extent permitted by the Committee, each Participant under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. If any such designation is permitted, the Committee shall, in its sole discretion, establish rules and procedures for such designations. Unless different rules and procedures are established by the Committee, each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be effective only when filed by the Participant in writing with a designated representative of the Committee during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

ARTICLE 13—DEFERRALS

The Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units, or the satisfaction of any requirements or goals with respect to Performance Shares or Performance Units. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such deferrals, and the Committee may provide for such arrangements, including conversion to another form of Award that is available under the Plan and has equivalent value, as it deems necessary in order to permit the deferral of taxes in connection with such deferral by the Participant. Any deferrals required or permitted by the Committee of Awards shall be made in compliance with Code section 409A.

ARTICLE 14—TAX WITHHOLDING

14.1 *Tax Withholding.* The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan or any Award. The Company shall not be required to issue Shares or to recognize the disposition of such Shares until such obligations are satisfied.

14.2 *Share Withholding*. With respect to tax withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock or Restricted Stock Units, upon the achievement of performance goals related to Performance Shares or Performance Units, or upon any other taxable event arising as a result of or in connection with an Award granted hereunder that is settled in Shares, unless other arrangements are made with the consent of the Committee, Participants shall satisfy the withholding requirement by: (i) having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to but not more than the amount necessary to satisfy the Company's withholding obligations at the minimum statutory withholding rates, or (ii) if approved by the Committee, authorizing the sale of Shares equal to but not more than the amount necessary to satisfy the Company's withholding obligations at the minimum statutory withholding rates. All such withholding arrangements shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

ARTICLE 15—AMENDMENT AND TERMINATION

15.1 *Amendment of Plan*. The Committee may at any time terminate or from time to time amend the Plan in whole or in part, but no such action shall adversely affect any rights or obligations with respect to any Awards previously granted under the Plan, unless the affected Participants consent in writing. The Company will also obtain the approval of the shareholders before amending the Plan to the extent required by Code section 162(m) or section 422 or the rules of any securities exchange or quotation or trading system on which Shares are traded or other applicable law.

15.2 *Amendment of Award; Repricing*. The Committee may, at any time, amend outstanding Awards in a manner not inconsistent with the terms of the Plan; provided, however, that if such amendment is adverse to the Participant, as determined by the Committee, the amendment shall not be effective unless and until the Participant consents, in writing, to such amendment, except as provided in Section 15.4 or in the Award Agreement. To the extent not inconsistent with the terms of the Plan and the foregoing, the Committee may, at any time, amend an outstanding Award Agreement in a manner that is not unfavorable to the Participant without the consent of such Participant. Notwithstanding the above provision, the Committee shall not permit or effect a repricing, except in accordance with Section 4.4 or to the extent the repricing is approved by the shareholders of the Company; for this purpose, a repricing is an amendment to the terms of an outstanding Option or SAR that would reduce the Option Price or SAR Price of that Option or SAR, respectively, or a cancellation, exchange, substitution, buyout or surrender of an outstanding Option or SAR in exchange for cash, another Award or Option or SAR with an Option Price or SAR Price that is less than the Option Price or SAR Price of the original Option or SAR, respectively (or as further defined within US generally accepted accounting practices or any applicable stock exchange rule). Notwithstanding anything else in this Section 15.2, (i) no amendment of an Award Agreement shall cause an award to be subject to Code section 409A, unless the Award Agreement, as amended, complies with the requirements of Code section 409A, and (ii) no amendment of an Award Agreement that is subject to Code section 409A shall cause such an Award Agreement (or the underlying Award) to violate Code section 409A.

15.3 *Termination of Plan*. No Awards shall be granted under the Plan after the tenth anniversary of the Effective Date. However, Awards granted under the Plan on or prior to the tenth anniversary of the Effective Date shall remain outstanding beyond that date in accordance with the terms and conditions of the Plan and the Award Agreements corresponding to such Awards.

15.4 *Cancellation of Awards*.

(a) The Committee may, in its sole discretion, provide in the Award Agreement that if a Participant engages in any "Detrimental Activity" (as defined below), the Committee may, notwithstanding any other provision in this Plan to the contrary, cancel, rescind, suspend, withhold or otherwise restrict or limit any unexpired, unexercised, unpaid or deferred Award as of the first date the Participant engages in the Detrimental Activity, unless sooner terminated by operation of another term of this Plan or any other agreement. Without limiting the generality of the foregoing, the Award Agreement may also provide that if the Participant exercises an Option or SAR, receives a Performance Unit payout, receives or vests in Shares under an Award or vests in or receives a payout under a Stock Unit at any time during the period beginning six months prior to the date the Participant first engages in Detrimental Activity and ending six months after the date the Participant ceases to engage in any Detrimental Activity, the Participant shall be required to pay to the Company the excess of the then fair market value of the Shares subject to the Award over the total price paid by the Participant for such Shares.

(b) For purposes of this Section, except to the extent provided otherwise in the Award Agreement, "Detrimental Activity" means any of the following, as determined by the Committee in good faith: (i) the violation of any agreement between the Company or any Employer and the Participant relating to the disclosure of confidential information or trade secrets, the solicitation of employees, customers, suppliers, licensees, licensors or contractors, or the performance of competitive services;

(ii) conduct that constitutes Cause (as defined in Section 2.6 above without regard to any definition of Cause in any Individual Agreement), whether or not the Participant's employment is terminated for Cause; (iii) making, or causing or attempting to cause any other person to make, any statement, either written or oral, or conveying any information about the Company or any other Employer which is disparaging or which in any way reflects negatively upon the Company or the Employer; (iv) improperly disclosing or otherwise misusing any confidential information regarding the Company or any Employer; or (v) the refusal or failure of a Participant to provide, upon the request of the Company, a certification, in a form satisfactory to the Company, that he or she has not engaged in any activity described in clauses (i)-(iv).

15.5 Assumption or Acceleration of Awards. In the event of a sale of all or substantially all of the assets or stock of the Company, the merger of the Company with or into another corporation such that shareholders of the Company immediately prior to the merger exchange their shares of stock in the Company for cash and/or shares of another entity or any other corporate transaction to which the Committee deems this provision applicable (a "Corporate Event"), each Award outstanding at the time of the Corporate Event shall be assumed or an equivalent Award shall be substituted by the successor corporation or a parent or subsidiary of such successor corporation (and adjusted as appropriate), unless such successor corporation does not agree to assume the Award or to substitute an equivalent award, in which case the Committee may, in lieu of such assumption or substitution, provide for the Participant to have the right to exercise the Option or other Award as to all Shares, including Shares as to which the Option or other Award would not otherwise be exercisable (or with respect to Restricted Stock or Restricted Stock Units, provide that all restrictions shall lapse). If the Committee makes an Option or other Award fully exercisable in lieu of assumption or substitution in the event of a Corporate Event, the Committee shall notify the Participant that, subject to rescission if the Corporate Event is not successfully completed within a certain period, the Option or other Award shall be fully exercisable for a period of fifteen (15) days from the date of such notice (or such other period as provided by the Committee), and, to the extent not exercised, the Option or other Award will terminate upon the expiration of such period. Alternatively, the Committee may make provision for a cash payment in settlement of any or all outstanding Awards or the cash, securities or property deliverable to the holder of any or all outstanding Awards, based upon, to the extent relevant under the circumstances, the distribution or consideration payable to holders of Shares upon or in respect of the Corporate Event. The Committee may adopt such valuation methodologies for outstanding Awards as it deems reasonable in the event of a cash settlement and, in the case of Options, SARs or similar rights, but without limitation on other methodologies, may base such settlement solely upon the excess (if any) of the per share amount payable upon or in respect of such event over the Option Price or SAR Price, as applicable, of the Award and may cancel each Option or SAR with an Option Price or SAR Price greater than the per share amount payable upon or in respect of such event without any payment to the person holding such Option or SAR. Any actions taken under this Section 15.5 shall be valid with respect to a 409A Award only to the extent that such action complies with Code section 409A.

ARTICLE 16—MISCELLANEOUS PROVISIONS

16.1 Restrictions on Shares. All certificates for Shares delivered under the Plan shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under the rules and regulations of the Securities and Exchange Commission, any securities exchange or quotation or trading system on which Shares are traded and any applicable federal, state, local or foreign laws, and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions. In making such determination, the Committee may rely upon an opinion of counsel for the Company. Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any Shares under the Plan or make any other distribution of the benefits under the Plan unless such delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act of 1933), and the applicable requirements of any securities exchange or quotation or trading system on which Shares are traded.

16.2 Rights of a Shareholder. Except as otherwise provided in Article 7 or in the applicable Restricted Stock Award Agreement, each Participant who receives an Award of Restricted Stock shall have all of the rights of a shareholder with respect to such Shares, including the right to vote the Shares to the extent, if any, such Shares possess voting rights and receive dividends and other distributions. No Participant awarded an Option or Stock Appreciation Right shall have any right as a shareholder with respect to any Shares covered by such Award (including but not limited to the right to vote the Shares) prior to the date on which the Participant becomes the record holder of such Shares. Except as provided otherwise in the Plan or in an Award Agreement, no Participant awarded a Restricted Stock Unit, Performance Share or Performance Unit shall have any right as a shareholder with respect to any Shares covered by such Award (including but not limited to the right to vote the Shares) prior to the date on which the Participant becomes the record holder of such Shares.

16.3 No Implied Rights. Nothing in the Plan or any Award granted under the Plan shall confer upon any Participant any right to continue in the service of the Employer, or to serve as a member of the Board, or interfere in any way with the right of the Employer to terminate his or her employment or other service relationship at any time. Except to the extent approved by the

[Table of Contents](#)

Board, no Award granted under the Plan shall be deemed salary or compensation for the purpose of computing benefits under any employee benefit plan, severance program, or other arrangement of the Employer for the benefit of its employees. No Participant shall have any claim to an Award until it is actually granted under the Plan. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall, except as otherwise provided by the Committee, be no greater than the right of an unsecured general creditor of the Company.

16.4 Compliance with Laws. At all times when the Committee determines that compliance with Code section 162(m) is required or desirable with respect to a particular Award granted under this Plan, such Award shall comply with the requirements of Code section 162(m). In addition, in the event that changes are made to Code section 162(m) to permit greater flexibility with respect to any Awards under the Plan, the Committee may, subject to the requirements of Article 15, make any adjustments it deems appropriate. The Plan and the grant of Awards shall be subject to all applicable federal, state local and foreign laws, rules, and regulations and to such approvals by any government or regulatory agency as may be required. Any provision herein relating to compliance with Rule 16b-3 under the Act shall not be applicable with respect to participation in the Plan by Participants who are not Insiders.

16.5 Compliance with Code Section 409A. At all times, this Plan shall be interpreted and operated (i) with respect to 409A Awards in accordance with the requirements of Code section 409A, and (ii) to maintain the exemptions from Code section 409A of Options, SARs and Restricted Stock and any Awards designed to meet the short-term deferral exception under Code section 409A. To the extent there is a conflict between the provisions of the Plan relating to compliance with Code section 409A and the provisions of any Award Agreement issued under the Plan, the provisions of the Plan control. Moreover, any discretionary authority that the Committee may have pursuant to the Plan shall not be applicable to a 409A Award to the extent such discretionary authority would conflict with Code section 409A. In addition, to the extent required to avoid a violation of the applicable rules under Code section 409A by reason of Code section 409A(a)(2)(B)(i), any payment under an Award shall be delayed until the earliest date of payment that will result in compliance with the rules of Code section 409A(a)(2)(B)(i) (regarding the required six-month delay for distributions to specified employees that are related to a separation from service). To the extent that a 409A Award provides for payment upon the recipient's termination of employment as an employee or cessation of service as a Director, the 409A Award shall be deemed to require payment upon the individual's "separation from service" within the meaning of Code section 409A. In the event that an Award shall be deemed not to comply with Code section 409A, then neither the Company, the Board of Directors, the Committee nor its or their designees or agents, nor any of their affiliates, assigns or successors (each a "protected party") shall be liable to any Award recipient or other person for actions, inactions, decisions, indecisions or any other role in relation to the Plan by a protected party if made or undertaken in good faith or in reliance on the advice of counsel (who may be counsel for the Company), or made or undertaken by someone other than a protected party.

16.6 Deferrals for Code Section 162(m). The Committee, in its discretion, may defer the payment of an Award, if such payment would cause the annual remuneration of a Participant, who is subject to the requirements of Code section 162(m), to be nondeductible because it exceeds \$1,000,000 (or such other amount allowed under Code section 162(m) as a deduction). Any such deferral shall be clearly and expressly provided for by the Committee and, in the case of 409A Awards, shall be subject to the limitations set forth in the next sentence. Any such deferral (i) shall be until the earlier of (A) the Participant's separation from service (within the meaning of Code section 409A and subject to the required six-month delay in the case of a specified employee), or (B) the next succeeding year (or years) in which the deduction of the payment will not be barred by application of Code section 162(m), (ii) is conditioned on all payments to similarly situated Award Recipients being treated in a reasonably consistent manner, (iii) is conditioned on all payment to the Award recipient that could also be deferred on the basis of nondeductibility under Code section 162(m) being similarly delayed, and (iv) shall not be applied to payments under Options and SARs.

16.7 Successors. The terms of the Plan shall be binding upon the Company, and its successors and assigns.

16.8 Tax Elections. Each Participant shall give the Committee prompt written notice of any election made by such Participant under Code section 83(b) or any similar provision thereof. Notwithstanding the preceding sentence, the Committee may condition any award on the Participant's not making an election under Code section 83(b).

16.9 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award; in the discretion of the Committee, the Company shall forfeit the value of fractional shares or make cash payments in lieu of fractional Shares.
